

# WRITING SUPPORT FOR POSTGRADUATE RESEARCH STUDENTS

Individual appointments are available for students wishing to bring in and discuss their own research writing, such as proposals, literature reviews, research articles, thesis chapters and so on.

These are not correction, editing or proof-reading sessions but, rather, aimed at helping students to develop writing and editing skills in the context of their own writing. As such, they are best accessed well before the proposal or thesis is due to be submitted.

This support is available through both:

OFFICE for POSTGRADUATE RESEARCH (OPR) on Tuesdays only at Footscray Park, and  
SCHOOL of LANGUAGE and LEARNING (L&L) on Mondays and Thursdays at Footscray Park, and Tuesdays and Thursdays at City Flinders.
