

Glossary

Census Dates (Higher Education)

A date in each higher education teaching period where a student's enrolment is confirmed. It is the final date for cancellation of a course or units of study. After census dates, students will have either incurred a HELP debt or finalised full payment of their tuition fees. Commonwealth Supported students must have completed all relevant forms and completed arrangements for the payment of their student contribution.

Commonwealth Assistance Notice (CAN)

Victoria University will send all Commonwealth Supported students a CAN after census date. The CAN outlines all Commonwealth Supported units you are enrolled in that teaching period.

Commonwealth Supported Place

A higher education place for which the Commonwealth makes a contribution towards the cost of your education.

Higher Education

Higher Education ranges from Undergraduate Degrees to Postgraduate Studies and Research.

Student Contribution

If you are enrolled in a unit of study as a Commonwealth supported student, you will generally be required to contribute to the cost of your education through a student contribution

Summer & Winter School (Option)

Higher Education students are able to undertake optional periods of study, known as summer and winter school. Not all units of study are available to be taken as a summer or winter option, therefore students are advised to check with faculty in advance to determine units of study offered, and locations.

TAFE (Technical and Further Education)

TAFE courses range from Certificate I to Advanced Diploma and provide a vocational and practical approach to education.

Students are required to pay all of their relevant fees by the payment dates as shown on their invoice, which is 7 or 10 days from their scheduled enrolment session or by census date for full fee students. Fees Owing letters and Enrolment Cancellation letters will be sent to all students that fail to make full payment of relevant fees by their given payment date. Late Enrolment Fines apply to these fee paying and Commonwealth Supported students.

*You must review the enrolment information on your CAN to ensure you are correctly enrolled. Any requests for enrolment variations must be received within 14 days of the date of receipt of the CAN.
