

UPGRADE YOUR ENROLLED NURSING QUALIFICATION AND CAREER OPTIONS NOW

THE DIPLOMA OF NURSING TRANSITION PROGRAM HLT51607

Upgrade from the Certificate IV in Nursing, earlier Enrolled Nursing, or hospital based qualifications to the Diploma of Nursing by enrolling into the Diploma of Nursing Transition Program at Victoria University.

DIPLOMA OF NURSING TRANSITION PROGRAM HLT51607

This specialised Transition Program compares currently held qualifications and determines the 'gap' to be undertaken to meet competency in the Diploma of Nursing.

The program is designed to recognise your current registration and role as an Enrolled Nurse with specialised individual timetables developed to ensure you complete units where a gap exists and do not duplicate on current knowledge and skills.

The program accommodates Enrolled Nurses wishing to undertake Medication Administration units and enables completion of the Advanced Diploma in Nursing pre-requisites.

PROGRAM STRUCTURE

A customised delivery plan is developed for each student which generally requires one day per week attendance (dependent on units required). Evening delivery is an option where available. The length of delivery is up to nine months and highly dependent on units requiring completion.

PROGRAM SUPPORT

Returning to Learning Enrolled Nurses are provided with additional assistance in Computer Mediated Learning skills and general Learning, Literacy and Numeracy. Levels of support are also customised to individual student needs and inclusive within the program.

COST

For information on TAFE course fees, refer to www.vu.edu.au/courses/fees-and-scholarships/enrolment-fees-and-charges

TRAINEESHIPS

If an employer chooses to support the student within the program, the Diploma of Nursing Transition Program attracts Commonwealth traineeship incentives.

WHERE

St Albans Campus, McKechnie Street, St Albans.
