

2014 SHORT COURSES

WELDING

**LEARN THE BASICS IN WELDING. ALL COURSES ARE
TAUGHT BY HIGHLY TRAINED INDUSTRY PROFESSIONALS.**

WELDING FOR BEGINNERS

Are you interested in learning basic welding techniques for your “DIY” home projects or as an introduction to further studies or employment opportunities? Learn the basic principles in welding processes including using gas (Mig) and manual metal arc (Stick) welding, tungsten inert gas welding (Tig) and some basic oxy cutting techniques.

You will learn through the creation of your own useful projects, for the home or for recreation, selected by yourself on enrolment. This course will be delivered through a combination of classroom theory and practical activities in our well-equipped welding workshop. Upon successful completion of this course, candidates will be issued with a certificate of participation.
