1 INTRODUCTION

Citations for Outstanding Contributions to Student Learning (Citations) recognise and reward the diversity of contributions made by individuals and teams to the quality of student learning in higher education. A Citation is awarded to an individual or team (i.e. academic staff, general staff, sessional staff or institutional associates) who have made a significant contribution to the quality of student learning, in a specific area of responsibility over a sustained period.

Citations provide an opportunity for distinctive institutional missions, values and priorities in learning and teaching to be recognised and are awarded for a range of contributions to student learning, both direct and indirect.

In 2022, up to 100 Citations will be granted across all categories. It is anticipated that citations will be distributed across all categories, although the pattern of distribution will ultimately be determined by the quality of nominations. The maximum number awarded to each institution is five.

Eligible institutions can submit a maximum of six individual or team submissions across all categories. If the nominating institution has fewer than 500 EFTSU, the maximum number of nominations is four. Nominees may only be included in one Citation nomination in any year, unless the nominee is part of a team nomination and is not the lead nominee.

1.1 KEY DATES – NEVILLE BONNER AWARD AND SUBMISSION DATES

The completed nomination must have all boxes ticked, including checkbox for signature, by the following:

- **Reference list**: nominees should use their preferred recognised reference style throughout and include a reference list within the four pages. Links to reference lists online will not be reviewed by assessors.

*Please note*: Should the nomination be successful, the Citation description will be used in communications regarding the recipient’s success, such as on the UA website, program booklet and in archival information.

Assessors may not be drawn from your field therefore it should not be presumed they have detailed knowledge of the discipline.

4.3 TEAM STATEMENT OF CONTRIBUTION (FOR TEAM NOMINATIONS ONLY)

- Name and indication of the percentage contribution of each of the team members (in order from highest to lowest). Note that team members are required to have a contribution of 10 per cent or higher.

Two letters of reference, of no more than one A4 page each, are to be provided by referees able to comment on the nominee’s contribution to student learning against the selected criterion. References should demonstrate familiarity with the contribution and context, providing endorsement of the claims and additional evidence relating to context, merit and impact on students. Where possible, at least one referee should be qualified to comment on the broader impact of nominee’s contribution based on relevant professional or personal expertise and standing.

References should:
- Include one referee who is the head of the nominee’s faculty, department, school or administrative unit or higher level.
- Second referee can be internal or external.
- For team nominations, apply to the team not individual team members.
- Include a statement acknowledging the referee’s acceptance of the Privacy Notice in the nomination form, e.g. ‘I accept the Privacy Notice provided by the nominee.’
- Be signed: Electronic signatures are accepted.
- Be on institutional letterhead.
- Body text: Font must be Arial or Calibri regular 11 (narrow fonts must not be used).

4.5 PHOTO REQUIREMENTS

An up-to-date, formal digital photograph of the individual nominee or team (collage group photo) must be submitted with each nomination, in line with the following specifications:
