THE BOGONG SCHOLARSHIP

The Bogong Scholarship is an award made available by the generosity of an anonymous benefactor who wishes to assist students from regional Victoria to pursue studies in the field of engineering at Victoria University.

The Bogong Scholarship has been founded for the purposes of:

- Encouraging and rewarding achievement by students intending to undertake university level studies
- Encouraging students to undertake studies in the field of engineering
- Assisting students who may not otherwise be able to do so, to take up the option of university studies
- Encouraging an on-going supply of qualified graduate engineers for the community.

VICTORIA UNIVERSITY

Victoria University is recognised as one of Australia’s most innovative universities, offering a unique combination of academic and practical skills to give students the technological and communications expertise to jump-start their working life.

Victoria University is committed to opening up opportunities to quality education for students from a diverse range of backgrounds and experiences. Today more than 22,000 students and staff of more than 90 nationalities make up the greatest international mix at any Australian university, and research surveys have identified the University’s teaching staff as the most friendly and caring in Victoria.

Victoria University is part of an international network of universities and has exchange agreements with institutions throughout Asia, Europe, the United Kingdom, Russia, the United States and Canada.

THE FACULTY OF HEALTH, ENGINEERING & SCIENCE

The Faculty of Health, Engineering and Science offers a variety of courses aimed at developing professional engineers for the business and public sectors.

Engineers play an important role in the shaping of our environment across a range of areas including buildings and the urban landscape, communications technology, energy systems and natural resources.
CAREER PROSPECTS – ENGINEERS

Engineers work in construction management, offshore engineering, mining and resources development, building and service system design (including fire safety and communications for computers), waste disposal and storage, telecommunications, control, energy systems and robotics.

In 2011 the University will offer the following courses: -

Bachelor of Engineering in
- Architectural Engineering
- Building Engineering
- Civil Engineering
- Electrical and Electronic Engineering
- Mechanical Engineering

As well, the double degrees of
- Bachelor of Engineering/Bachelor of Laws
- Bachelor of Engineering/Bachelor of Science
- Bachelor of Engineering/ Bachelor of Business (E-Commerce)
- Bachelor of Engineering/Bachelor of Arts

Full details of the courses can be found on the Victoria University website www.vu.edu.au/hes, as well as the relevant entries in the VTAC Guide.

THE SCHOLARSHIP CONDITIONS

The Bogong Scholarship is an award of $2,000.00 per annum and will be tenable for the duration of an approved course of study in a field of ‘engineering’ in the Faculty of Health, Engineering and Science at Victoria University subject to satisfactory academic progress.

One scholarship will be funded in 2011 with additional scholarships being offered annually subject to sufficient funds being available in subsequent years.

The scholarship will be made available to a student who completes VCE Year 12 studies and shows academic ability and a desire to enrol in a course of engineering in the Faculty of Health, Engineering and Science at Victoria University.

The scholarship will only be made available to a student who has to leave home to reside in Melbourne for the duration of the study period.
AVAILABILITY OF COURSES

Courses offered by tertiary education institutions may vary from time to time with changes in demand for particular skills. The Bogong Scholarship will be offered on the basis of courses available within the Faculty of Health, Engineering and Science at the time of advertisement of the award each year, provided those courses meet the general requirement of the scholarship as set out above.

ELIGIBILITY FOR THE SCHOLARSHIP

To be eligible for the Scholarship a student must:

1. Complete VCE studies at a Secondary school in Victoria in 2010
2. Demonstrate aptitude for consistent achievements in study in Years 11 & 12
3. Achieve excellent results at Year 12 level in subjects which are prerequisites for enrolment in a degree course in the Faculty of Health, Engineering and Science at Victoria University
4. Achieve an ATAR score sufficient to obtain enrolment in a degree course in engineering in the Faculty of Health, Engineering and Science at Victoria University
5. Enrol ‘full time’ for a degree course in a field of engineering acceptable to the sponsor of the award
6. Commence studies in the academic year immediately following completion of Year 12. (Consideration may be given to applicants wishing to seek deferment of enrolment for up to 12 months under special consideration).
7. Leave home to reside in Melbourne for the duration of the study period.
8. Achieve satisfactory academic progress through the term of the course in which the student is enrolled

THE SCHOLARSHIP – APPLICATION PROCEDURE – 2011

Students wishing to apply for the Bogong Scholarship for the academic year 2011 should complete the attached Application Form and submit it to Professor Richard Thorn, School of Engineering and Science, Victoria University, P.O. Box 14428, Melbourne, 8001.

Enquiries: Phone Richard Thorn (03) 9919 4220, or email Richard.Thorn@vu.edu.au

Closing date for applications is 2nd March, 2011.
