WHY STUDY VIETNAMESE?
Vietnam has a rich history and culture, and is also an emerging economy with strong ties to Australia. The Vietnamese language is spoken by over 85 million people in Vietnam and three million people around the world, including more than 200,000 people in Australia.

VIETNAMESE AT VICTORIA UNIVERSITY
At present, Victoria University is the only tertiary institution in Victoria offering Vietnamese, and the only tertiary institution in Australia which offers Vietnamese classes at different levels, catering for both beginners and native speakers. It also caters for students who are only interested in studying Vietnamese culture and society without the language component.

The Vietnamese specialisation is designed to help students learn the Vietnamese language well enough for daily communication. Furthermore, while acquiring proficiency in all aspects of the language, students will also develop an understanding of the history, culture and socio-economic conditions of Vietnam.

At the completion of the course, students are expected to be able, at different levels,
(a) to use Vietnamese as a means of communication and a tool for research;
(b) to appreciate Vietnamese culture; and
(c) to work with Vietnamese people or in a Vietnamese-speaking business environment.

The School can also arrange for individuals to study in Vietnam.

VOCATIONAL OPPORTUNITIES
Vietnamese language skills are in demand in many areas such as teaching, tourism, international trade, community-related work and international projects
