Research Committee Terms of Reference

The Research Committee will support the Board in its role of overseeing the quality of research offered under the name of the University by:

- developing policies and procedures to support and further develop the University’s research profile, strategy, and research training;
- monitoring and developing the quality of research performance and the research environment of the University;
- advising on the mechanisms for the encouragement of quality improvement of research;
- advising on the allocation of internal competitive research funds;
- advising and providing direction to the Board on the establishment and operation of University Research Centres and Institutes through the monitoring of their activities;
- overseeing the University’s research ethics and codes; and
- undertaking any matters referred to it by the Board.
