

This checklist was created in response to the changes made by the Australian High Commission (AHC) regarding the length of the GTE statement and to allow for a clean assessment process to help all stakeholders in the student and visa application process.

The document is split into separate sections to align with the changes made by the Australian High Commission (AHC) regarding the length of the GTE statement and to allow for an easier assessment process for the agent, provider and visa officer.

HOW TO USE THIS DOCUMENT

You must complete all sections of this document before submitting it with your application. This document must be submitted as part of the application for the provider and as the GTE statement for the visa application

1. GTE STATEMENT

Your GTE statement has a word limit of 300 words (2000 characters), please do not go over this limit. You must explain that:

- You are genuinely coming to Australia to study and not for any other reason
- You will only be residing in Australia for the time allowed on your visa (and not overstaying)

Please focus on your ties (financial, family and social) to your home country, your potential future employment and why education in your home country is not the right choice for you.

Before filling out this form, please read the information provided in the links below:

- [Change to student visa application: GTE statement length](#)
- [Genuine temporary entrant requirement](#)

2. SUPPORTING INFORMATION

Your supporting information must be true information that can be proven by providing supporting documents. For example, if you list a period of employment, you must be able to prove this employment is genuine with supporting documents. If you cannot prove the employment is genuine, you must not list it in the supporting information.

3. FINANCIAL

The financial section is broken into two sections:

- The costs you need to be able to show as part of your visa application
- Your source of funding

You need to work out the total costs you need to show as part of your visa application using the table. Once you have completed this information you need to provide the source of funding and supporting evidence. You need to make sure the evidence of funds covers the total costs you need to show.

4. DOCUMENT CHECKLIST

The document checklist should be updated to reflect your GTE statement and supporting information. If you make mention of employment, the proof of employment documents should be listed in the document checklist.

You must check that you have included all documents mentioned in the document checklist.

5. DECLARATIONS

There are two declarations. One for you (the student) and one for your agent. Before signing the declaration, you must read it and be certain you have completed everything you are agreeing to in the declaration.
