

COURSE DELIVERY PLAN 2020

Bachelor of Health Science

COURSE CODE: HBHL

CAMPUS	St Albans (SA)
COLLEGE	College of Health and Biomedicine
STUDY MODE	Full Time or Part Time
DURATION	3 years Full Time or Part Time equivalent
FEE TYPE	For information on course fees, refer to http://vu.edu.au/fees
APPLICATION METHOD	VTAC - https://vtac.edu.au Direct Application - https://gotovu.custhelp.com/app/landing
TIMETABLE	vu.edu.au/timetables
COURSE REQUIREMENTS	<p>To successfully attain the Bachelor of Health Science, students will be required to complete 288 credit points consisting of:</p> <ul style="list-style-type: none">• 96 credit points of First Year Core studies;• 96 credit points of Public Health Major studies; <p>Plus One of the following:</p> <p>Option A:</p> <ul style="list-style-type: none">• 96 credit points of Indigenous Health Major studies; <p>Option B:</p> <ul style="list-style-type: none">• 96 credit points of Minor studies (Two Minor sets in total from the list below). <p>Students that complete the first year of College Core studies can elect to graduate with the following (Option A) double Major:</p> <ul style="list-style-type: none">• Majors in Public Health and Indigenous Health. <p>Students that complete the first year of College Core studies and a single Major in Public Health, can elect to graduate with (Option B) two minors to complement their Major, as follows:</p> <ul style="list-style-type: none">• Indigenous Health (HMIIND);• Health (Sport Science Minor) (SMIHEA);• Health and Nutrition (HMIHNU), and;• Bioscience (HMIBIO).
FURTHER INFORMATION	Unit and course information is available from the University course search site at http://vu.edu.au/course-search or go to https://askvu.vu.edu.au or Phone VUHQ on 03 9919 6100
COURSE CHAIR	Jerome Rachele

Note: Students are required to enrol in all units for semester 1 and 2, and are not permitted to enrol in more than 48 credit points per semester as a full-time load.

Core/Elective Core (a unit that must be completed) & Elective (you have some choice in what you select).

COURSE DELIVERY PLAN 2020

Prerequisites A number of units within the degree have 'prerequisites'. These prerequisites must be met before enrollment in the unit is permitted. Generally these prerequisites require the successful completion of a unit or units taken at an earlier stage in the course. Students should pay particular attention to these prerequisite requirements as failure to meet these can seriously hinder progression through the course.

Date of Publication: This information is current at the publication date: 28/08/2020. It is provided as information only and does not form part of a contract between any person and Victoria University.

MAJORS:

Public Health HMAPBH

The Public Health Major provides students with knowledge and skills in Public Health and Health Promotion.

The major develops the student's knowledge base in Public Health and Health Promotion and focuses on the application of knowledge, policy, and research in improving the health of populations. Students completing this major will have an understanding and perspective on how to address contemporary health problems related to critical social and behavioural factors that influence health outcomes.

Students choosing the minor, HMAPBH Public Health, may be required to obtain a 'Working With Children Check' prior to undertaking the unit, HHB2402 Health Program Planning and Evaluation.

	UNIT TITLE	UNIT TYPE	SEM	CREDIT POINTS	CAMPUS	PRE-REQUISITES

Indigenous Health HMAIND

The Indigenous Health Major builds on the Indigenous Health Minor to provide students with a complete context and understanding of the cultural and historical factors that need to be considered when developing and implementing health programs for Australian Aboriginal populations.

Students explore, analyse and deconstruct disciplinary and lived perspectives, impacts and outcomes for Australian Aboriginal individuals and communities in the 21st Century. Topics that are explored include history, human rights, traditional owners, sovereignty, governance and societal structures, and colonial systems of power through an interdisciplinary unit set, and how these influence and impact the health outcomes of Australian Aboriginal populations and communities. In addition to this students may explore contemporary health and community interventions used by Aboriginal organisations and communities and their relationship to the conventional western medicine construct and mainstream service provision.

A group research project will be presented in relation to Australian Aboriginal health, representing discipline and multi-disciplinary approaches through detailed action plans.

UNIT CODE	UNIT TITLE	UNIT TYPE	SEM	CREDIT POINTS	CAMPUS	PRE-REQUISITES
Year 2						
AEK1105	Aboriginal Traditions and Policy	Major	1B2, 1B3, 1B4	12	FP	Nil

COURSE DELIVERY PLAN 2020

MINORS:

Bioscience HMIBIO

The Bioscience minor builds on the first year units of Bioscience 1 and 2, and examines the natural physiological changes that occur throughout the life cycle; introducing students to the major pathological disease processes of the body via discussions on the basis for preventative interventions and management of important pathological conditions.

UNIT CODE	UNIT TITLE	UNIT TYPE	SEM	CREDIT POINTS	CAMPUS	PRE-REQUISITES
Year 2						
RBM2530	Pathophysiology 1	Minor	1B1, 1B2, 1B4, WB1	12	FP	HBM1001, HBM1202
RBM2540	Pathophysiology 2	Minor	2B1, 2B3, 2B4	12	FP	RBM2530
Year 3						
HBM3106	Reproductive and Developmental Biology	Minor	1B1, 1B2, 1B4	12	SA	RBM2540
HBM3205	Clinical Genetics and Cellular Basis of Disease	Minor	2B2, 2B3,	12	SA	RBM2540

Health and Nutrition HMIHNU

The Health and Nutrition Minor introduces the student to the role nutrition plays in individual health and populations through the lifespan. Upon completion of the minor students will have an understanding of the link between nutrition and health, wellness and illness and their determinants.

UNIT CODE	UNIT TITLE	UNIT TYPE	SEM	CREDIT POINTS	CAMPUS	PRE-REQUISITES
Year 2						
HBM2103	Digestion, Nutrition and Metabolism	Minor	1B2, 1B3, 1B4	12	SA	HBM1001 HBM1202

HHN2402	Diet and Disease	Minor	2B1, 2B2	12	FP	HHN2001 or HBM2103

COURSE DELIVERY PLAN 2020

Health (Sport Science Minor) SMIHEA

Being healthy is important to all of us. Our health is influenced by a range of individual and behavioural factors as well as physical and social environments. Studying health will help you to develop skills and knowledge to make decisions about your own health, inform others, and also to recognise the importance of health in society. You will also become aware of how to support and promote healthy behaviours of others. The minor in Health provides you with an understanding of the individual and societal influences on health and human development. You will study areas covering adolescent health, sexuality and relationships, social bases of health and health promotion and policy.

UNIT CODE	UNIT TITLE	UNIT TYPE	SEM	CREDIT POINTS	CAMPUS	PRE-REQUISITES
Year 2						
SHE2001	Adolescent Health	Minor	1B1, 1B2, 1B3, 2B3	12	FP	Nil

Year 3						
SHE3001	Social Bases of Health: Global Perspectives	Minor	1B1, 1B2, 2B2, 2B3, 2B4, SB2	12	FP	Nil
SHE3002	Health Policy and Promotion	Minor	1B1, 2B4, WB1	12	FP	Nil

Indigenous Health HMIIND

In the Indigenous Health Minor, students explore, analyse and deconstruct disciplinary and lived perspectives, impacts and outcomes for Australian Aboriginal individuals and communities in the 21st Century. Topics that are explored include history, human rights, traditional owners, sovereignty, governance and societal structures, and colonial systems of power through a series of multi-disciplinary units and how these influence and impact the health outcomes of Australian Aboriginal populations and communities. In addition to this students will explore contemporary community interventions used by Australian Aboriginal organisations and communities and their relationship to the conventional western medicine construct and mainstream service provision.
