ACCEPT YOUR OFFER AT VU
Approved on 2 March 2010, information is subject to changes.
Welcome

Congratulations on receiving an offer to study at Victoria University (VU). You are about to embark upon an exciting adventure that is set to enrich your life both on an academic and personal level. This guide will help you accept your offer and commence your studies.

Victoria University is proud of our reputation for being a distinctive university where students thrive and creativity and innovation flourish. We work hard to ensure each student has the opportunities and support they need to reach their potential and achieve their goals.

Victoria University is one of only five Australian universities offering both Technical and Further Education (TAFE) and higher education courses. This gives advantages in course and pathway design and delivery, as well as providing our students with greater flexibility.

With more than 47,000 enrolled students, including over 11,800 international students from over 90 countries studying our courses, Victoria University is a great place to study.

By 2016, our centenary year, Victoria University will be a leading university among those known for its knowledge of the changing nature of work and the workplace, and will continue to be applauded for its strong community values.

We will be a distinctive international university that blends vocational and professional, conceptual and creative pursuits. To achieve this, we have made a number of commitments, including:

- ensuring at least 25 per cent of each student’s assessment is based on learning in the workplace and in the community;
- providing customised learning experiences for our students;
- creating 12 industry and community-focused roundtables that have a strong voice in the creation of a distinctive VU; and
- becoming a leader in workforce development and vocational education, placing VU at the forefront of education and training for skills shortages and new professions in Australia and abroad.

These commitments show VU’s determination to providing its students with an education that equips them with the key foundations for their future lives, both in employment and in their communities.

We look forward to welcoming you to Victoria University.

Andrew Holloway
Vice-President (International)

FEE INFORMATION

As a student of Victoria University, you are required to pay international student fees for your program of study. The indicative annual tuition fee for a particular program is based upon the standard full time enrolment load of 24 units. The amount to be paid therefore depends upon your program of study and your enrolment load. Should you overload or underload, your fees will be increased or decreased accordingly. After your first semester, the University invoices you (or your sponsor) each semester according to your enrolment load in that semester. Victoria University reserves the right to annually adjust course tuition fees to take into account increases in university and program delivery costs. Changes to tuition fees will be applied at the beginning of each calendar year. Course fees will be approved by the University Council in the year prior to the fee increase commencement. Once approved, the course fees will be posted on January 1 each year. In the event of variation between the fees on the letter of offer and the approved university schedule of fees, the approved schedule will prevail. The relevant section of the schedule for international students is Part D. Course tuition fees are invoiced on a semester basis based on the enrolled load for that particular semester. If your fees are not paid when they are due, the University will cancel your enrolment. If your enrolment is cancelled you are no longer permitted to participate in teaching, learning or assessments of any university course. The University is required to inform the Department of Immigration and Citizenship (DIAC) that you no longer meet your visa requirements.

OVERSEAS STUDENT HEALTH COVER

The Australian Government requires all international students and their families to pay for health insurance in Australia through the Overseas Student Health Cover (OSHC) scheme. OSHC helps pay for medical care you may need when you are studying in Australia. You will need evidence that you have OSHC before you obtain your Australian student visa.

The only exceptions to this policy are:
- Norwegian students with Norwegian National Insurance scheme
- Swedish Students with cover through the National Board of Student Aid
- Students whose studies are sponsored by AusAid

VU’s preferred provider is OSHC Worldcare. If you choose to insure with OSHC Worldcare through the University, you will be required pay for OSHC cover for the duration of their program at the time of admission. The total fee for OSHC is quoted in your letter of offer. By making payment for the full duration you will receive the benefits of a discounted rate for the second and subsequent years of study. The University will disclose your relevant personal details to OSHC Worldcare for registering your OSHC. Health insurance is your responsibility and current cover must be maintained by students for the duration of your stay in Australia.

ACADEMIC PROGRAM RULES

The admission, progression, assessment and graduation rules in a program are governed by relevant academic program rules. Refer to the Academic Program Rules of your program published in the University handbook.

DEFERMENT OR CHANGE OF COURSE

If you wish to defer commencement to a date not specified on your letter of offer, or would like to change your study program, advise Victoria University International of your preferred intake date by submitting this form.

Note: Not all programs are available for the next intake. Please ensure you check the course offering list.
STUDENT VISA INFORMATION
The student visa application process can be lengthy, taking anywhere from a few weeks up to several months to be granted. It is up to you to consult closely with the Department of Immigration and Citizenship (DIAC) before applying for your visa. Applications are assessed by DIAC according to the assessment level of the individual. The passport you hold and the education sector of your principal academic program determine your assessment level. Current information about the student visa application process can be found at the DIAC website including a full list of country assessment levels.

STUDENTS FROM DIAC ASSESSMENT LEVEL 1-2 COUNTRIES

Once you have received your eCoE, from VU, you will need to contact your nominated Australian Consulate, Embassy or High commission to apply for your Australian student visa. Note: Only students from assessment level 1 can apply for their visa in Australia.

STUDENTS FROM DIAC ASSESSMENT 3-5 COUNTRIES

If you are a citizen of a country in assessment level 3-5 you are required to provide evidence that you are eligible to apply for a student visa by:

- Providing a Pre-Visa Assessment from DIAC
- Lodging your acceptance form with an official agent of the University who is authorised by DIAC to process e-visas

Consult with a Registered Migration Agent (as authorised by Australian law) or the Australian consulate, Embassy or High commission for Australian visa requirements and application details. Further information on visa requirements and applications can be found on the DIAC website.

You will also be required to provide an IELTS test result as evidence of meeting DIAC’s English requirement. Upon receiving notification from DIAC that you are eligible to apply for a student visa, please follow the offer and acceptance procedure as outlined in section 1.

The Pre-Visa Assessment (PVA), can be started once you have a full letter of offer or a conditional letter of offer to study at VU. The PVA process can take between six weeks and two months, so it is important that you act swiftly. Once your PVA is granted please continue with the process of accepting your place by making payment and submitting the International Student Acceptance Form including the letter of genuineness as issued by DIAC.

STUDENTS UNDER 18 YEAR OF AGE

If you are under 18 years of age, it is a condition of your student visa that you have acceptable arrangements for your accommodation, support and general welfare. The arrangements must be in place, until you turn 18.

Your parent or legal custodian will be able to apply for a Student Guardian visa to come with you to Australia. You can find out more about this visa.

If your parent or legal custodian is not going to live with you in Australia, you must ensure your accommodation and welfare requirements satisfy one of the following arrangements:

- you will live in Australia with a relative over 21 years of age who is nominated by your parent or legal custodian and is of good character. This arrangement will be approved by DIAC; or
- you will live in Australia under a welfare arrangement that is approved by VUI. This may either be with a VU approved caregiver service or with a close family friend/cousin

Regardless of your arrangements, you must complete the 'Victoria University International Under 18 Care Arrangements Form' when accepting your offer.

If your welfare is being approved by Victoria University International, you will need to submit with your student visa application a signed statement from the University which confirms the start and end dates of these welfare arrangements. This letter is called a Confirmation of Appropriate Accommodation/Welfare Arrangements (CAAW) letter and if granted, your visa end date will correspond with the welfare dates on the letter. If your welfare arrangements are approved by Victoria University you cannot travel to Australia until the date when your welfare arrangements start. This is the start date indicated on the CAAW.

If you are already in Australia when you lodge a student visa application you need to show evidence of adequate arrangements for your welfare when you lodge your application. More information

If you do not maintain adequate welfare arrangements as an under 18 student during your stay in Australia, your student visa may be cancelled.
**STUDENT VISA CONDITION(S)**

When you receive your student visa, DIAC will provide you with an explanation of the condition(s) attached to your visa. Students are expected to meet their program requirements including attendance and progress requirements and are expected to complete within the normal duration of the program. Please read your grant letter and/or visa label very carefully for details of the condition(s) of your visa. A four digit code will be issued with a brief description and placed in your passport. Breaching any condition of your visa may result in a cancellation of your student visa in which you and your family may be required to leave Australia. A student visa permits multiple entry to Australia for the duration of the visa. For more up to date information please visit the DIAC website.

**CHANGE OF ADDRESS**

As a condition of your student visa, you must provide Victoria University with your current Australian address and contact details as soon as you are permanently settled in Melbourne. You must also advise Victoria University of any changes to your address and contact details within seven days of any change. This is a mandatory condition of your student visa. Failure to notify Victoria University of a change of address may result in the cancellation of your student visa.

**CREDIT FOR PRIOR LEARNING**

If you believe you may be able to get credit for subjects previously studied, you can apply for Recognition of Prior learning RPL. You must include certified copies of transcripts, certificates and the syllabus from you previous study program and either the TAFE application for recognition of prior learning (RPL/RCC) (TAFE) - A80 form or Recognition of Prior Learning (RPL) (Higher Education) - A04 form. Both forms are available online. If you are granted credit and this changes the duration of your course, Victoria University will issue you with a new eCoE. This will notify DIAC that your course has been shortened in duration.

**TAKING A REDUCED STUDY LOAD OR OVERLOAD**

As an international student you are obliged to complete your course within the expected duration outlined on your electronic Confirmation of Enrolment (eCoE), so you must maintain a full-time load wherever possible. You can only reduce your study load in exceptional circumstances, or if it will not change your course duration. You can overload your studies only if this is approved by your Faculty and if they believe it will not harm your course progress.

**TRANSFER TO ANOTHER PROVIDER**

You cannot change to another education institution during the first six months of your principal course without first notifying VU. If you wish to transfer to another education provider, you will need to apply for a Letter of Release from Victoria University and supply a letter of offer from the new institution. You can download a release letter request form. Changing your provider may affect your student visa, so students are advised to contact DIAC for advice in this situation.

**WORKING WHILE STUDYING**

International students with work rights on their visa can work a maximum of 20 hours per week while the course is in session and full-time during the holiday periods. Family members of students studying in Masters by coursework, Masters by research, Doctoral degree or sponsored by AusAID or Defence and studying in Masters by coursework, Masters by research or Doctoral degree, can apply to work unlimited hours once the student starts their main course. You would be able to commence working once you are enrolled. You should not expect to rely on working to support yourself as you may find it difficult to gain appropriate part-time work. Working 20 hours a week will not give you enough money to cover your tuition fees nor all of your living costs. As of 26 April 2008, a separate Work Rights Visa is no longer required. All students (and dependent family members) issued with a student visa after this date will now automatically have a permission to work attached. Student visa holders now will pay only one charge of A$450 for the combined visa application and permission to work (fee subject to change). More information

**BRINGING YOUR FAMILY**

If you are intending to bring your family with you there are additional arrangements you need to make. You can find more information about bringing your family. You must declare all family members on your application, even if they do not plan to travel with you to Australia. They will then be eligible to come as dependents after you have arrived. You must also provide proof of your relationship to them, in the form of officially issued birth and marriage certificates. You may be asked to show DIAC that you have sufficient money to support your family.
ASSESSMENT LEVEL 3 TO 5

You will need to show proof that you can meet tuition and living expenses for yourself, your spouse and your dependent children for the length of your stay in Australia. However, if your course length is less than 12 months, your family will not be able to come to Australia with you.

School aged children

If you intend to bring children aged between 5 and 18 years of age they will have to be enrolled full-time in Australian schools. You must arrive in Australia in time for your children to start the school term. For information on school term dates:

You are expected to pay full school fees for your children unless you are:

- a postgraduate research student holding a Subclass 574 Visa
- an AusAid scholarship student, enrol your children in a Victorian Government school and have been granted an AusAid dependent visa
- a full Australian Tertiary Institution Scholarship student

More information on school fees

The costs of enrolling your children in private schools are significantly higher than for state government schools, but in either case, you should be prepared for additional expenses such as school books, uniforms, school levies and school outings. Schools able to provide education for international students are registered with the Victorian State Government.

VISA AND ECOE EXTENSIONS

If required, Victoria University can help you organise a new eCoE in order to extend your visa and your course in Australia. Victoria University can only extend a CoE in limited circumstances, such as where you need to repeat a few units of study, you have a compassionate reason for not completing in the expected duration, or if you have made unsatisfactory progress and an intervention strategy leads to a change in course duration. You should contact Victoria University International for an application to extend your eCoE in a current course of study. You must apply for an extension at least six weeks before your visa expires, and allow at least one week for Victoria University to process the application.

When you renew your student visa, DIAC will require that you submit your eCoE, undergo a health check and submit a financial statement and your academic transcripts. Note: fees are subject to change.

DEFERRING, SUSPENDING OR CANCELING YOUR ENROLMENT

You may only defer the start date of your course, or take a leave of absence if you have approval from Victoria University. A request to defer or suspend your enrolment will only be granted in limited compassionate or compelling circumstances. These include for e.g. if you are ill or injured, you are suffering a bereavement, or you are involved in a traumatic experience. VU will normally expect to see evidence to support your reasons. More information

Victoria University may decide to suspend or cancel your enrolment in the following circumstances:

You do not pay your tuition fees
Your school or faculty suspend or exclude you for unsatisfactory progress
You are suspended or excluded for disciplinary reasons resulting from misbehaviour

If VU decides to suspend or cancel your enrolment you will be given an opportunity to appeal our decision. VU is obliged to notify government departments if your enrolment is suspended or cancelled, which may have an effect on your student visa. Students in this situation are advised to contact DIAC for advice.
EDUCATION SERVICES FOR OVERSEAS STUDENTS LEGISLATION

The Education Services for Overseas Students (ESOS) Act 2000 regulates the activities of schools and universities who educate student visa holders in Australia. The Act established the National Code of Practice for Registration Authorities and providers of Education and Training to Overseas Students (National Code) 2007.

The ESOS legislation was introduced by the Australian Government to ensure that you receive high quality education in Australia. It ensures that courses are approved, services and facilities meet minimum standards, and that students are enrolled in accordance with their visa condition[s]. More information can be found at Australian Education International (AEI).

The three parts of the written agreement are the letter of offer or conditional letter of offer, the Accept Your Place at VU booklet and the International Student Acceptance form.

In compliance with the National Code of Practice 2007, Victoria University cannot accept your tuition fees until you (or your parent or legal guardian if you are under 18 years of age) has signed the International Student Acceptance form and the form has been received by Victoria University either before payment or at the same time. More information

COURSE CHANGES

In the event that VU is unable to deliver the course or have changed the course you have accepted, we will let you know in writing and inform you of your rights and options. In the event that a course has changed and replaced by another with similar content you will be given a new letter of offer for that course.

Remember, the International Student Support staff are always available to help with anything relating to your studies.

**FACILITIES, EQUIPMENT AND LEARNING RESOURCES**

At VU our teachers are focused on optimising your learning experience. Our teaching staff will use a number of innovative delivery methods to promote your understanding of your chosen course. While you are studying with us you will have the opportunity to participate in a variety of lectures, tutorials, laboratory and studio sessions, group work, cross discipline projects, case studies, practical sessions, discussion groups and individual research projects, depending on the course you choose.

VU students are encouraged to participate in culturally diverse study groups and to take responsibility for their own learning. Much of your success will depend on your commitment to developing a mature and self-directed learning style.

**TAFE**

At TAFE, learning takes place in classes, workshops and/or seminars, meaning there is lots of interaction between students and teachers. In addition, your course may require you to gain work experience in practical settings. Many courses include online references and resources to ensure that you have access to a wide range of up-to-date information in your unit of study areas.

**HIGHER EDUCATION**

**LECTURES**

Lectures are designed to help you better understand the topic you are studying. Your lecturer summarises the main points of the topic and introduces other related areas. You are expected to attend all lectures, and you are encouraged to take notes during the lectures. Lecture notes prepared by the lecturer may also be available in your campus library on Counter Reserve. Some lectures are recorded.

Ask your lecturer if you can audio tape the lecture sessions. This enables you to summarise and prepare your own notes if you have missed out any important points.

**TUTORIALS AND CLASSES**

These usually run in conjunction with the lectures. They are much smaller groups and enable you to address any questions that you may have during the actual lectures. Group work is very common in tutorials and classes, where everybody in the team is expected to contribute equally as marks are equally distributed to the group members.

**RESEARCH DEGREES**

If you undertake a research degree you will be required to plan, develop and conduct an approved research project under the supervision of an academic staff member. You must submit a thesis for assessment. Often your thesis must be accompanied by a product or artefact that embodies the research. You may also be required to attend seminars or classes relevant to your research topic.

**STUDENTS WITH DISABILITIES**

Please provide full details of any disability that you have (if you have not already done so or if your details have changed). In particular, please provide details of any special requirements and/or assistance you may require in order to study. All information provided will be kept confidential.

7.3 Where a condition of 6.1.1 applies and a student has paid tuition fees to study a single unit (or units) of study, minus a service charge of 10 per cent of the prescribed semester fee.

8.0 PARTIAL REFUNDS

8.1 A student who has paid tuition fees for a semester, and gives written notice that they are a) unable to undertake the course, or b) wish to withdraw from the course, will be eligible for a partial refund as follows:

a) Where a student gives notice in writing i) at least four (4) weeks (or more) before commencement of teaching in that semester, or ii) 4 weeks before the specified date for commencement of a research program; they will be entitled to a refund of tuition fees paid for the semester, minus a service charge of 10 per cent of the prescribed semester fee.

b) Where a student gives notice in writing i) less than four (4) weeks prior to the commencement of teaching in that semester, or ii) within four (4) weeks of commencement of teaching in that semester; they will be entitled to a refund of tuition fees paid for the semester, minus a service charge of 50% of the prescribed semester fee.

8.2 Where a student has paid tuition fees to study a single unit (or units) of study, that will not credit towards an award from VU, a partial refund will be issued according to 6.2.1(a) and (b) above, for the prescribed unit fee(s).

9.0 NO REFUNDS

9.1 A student who withdraws after four (4) weeks from the commencement of teaching in a semester shall not be eligible for a refund of tuition fees paid for that semester.

9.2 A research student who withdraws more than four (4) weeks after the commencement of the course shall not be eligible for a refund of tuition fees paid for that semester.

9.3 A student who gives notice in writing of an inability to undertake a course, or withdraws from the course at any time, will not be eligible for a refund of the application processing fee.

9.4 A student who accepts an offer for a VU course as part of an agreed pathway between VU and another education provider, will not be entitled to a refund of the deposit paid for the VU course, unless [a] The University defaults, or (b) The student is refused a visa (documentary evidence is required where this is the case).

10.0 LEAVE OF ABSENCE

If a student is granted a leave of absence, 50 per cent of the prescribed semester fee will be refundable. If requested by the student, the balance will be retained and offset against the commencing student fee in the appropriate semester. The retained fee will be forfeited if the student does not give notice in writing to VU International, at least four (4) weeks prior to the commencement of the semester, of his or her inability to recommence the course.
11.1 Where a student gives notice in writing at least four (4) weeks prior to commencement of teaching, of an inability to undertake the course, tuition fees paid are refundable, less a service charge of 10 per cent of the prescribed tuition fee, as per the student’s letter of offer.

11.2 Where a student gives less than four (4) weeks notice, prior to the commencement of teaching, of an inability to undertake the course; or withdraws within four (4) weeks of commencement of the course, 50 per cent of the prescribed tuition fee will be refunded. The maximum amount retained by VU will not exceed 10 weeks of the published tuition fee.

12.0 FEES REFUND RELATED TO INTERNATIONAL STUDENTS WHO OBTAIN A PERMANENT RESIDENT STATUS

12.1 A student who is granted Permanent Resident status will be eligible for a refund of tuition fees paid for a semester, less a $500 service charge, only if (a) The permanent residency status is granted on or before the census date for a semester, and (b) the student presents evidence of their permanent resident status to VU International (for e.g. a valid passport containing a visa label). Permanent resident status is recognised from the date stamped on the student’s passport (visa label), not the date on which the application for status is made.

12.2 A student who is granted permanent residency after the census date for a semester will not be eligible to a refund of tuition fees paid for that semester. The student will be classified as an international student for the remainder of that semester.

12.3 A student who receives permanent residency prior to census date for a semester will lose their full-fee student place and must re-apply for course entry in competition with other course applicants for government-funded places.

12.4 A continuing student who seeks to become a local fee paying domestic student following change of immigration status to permanent residency, may have their pre-paid tuition fees carried over in the appropriate semester.

13.0 OVERPAYMENTS

Where a student makes an overpayment of tuition fees, the overpaid amount will be refunded without financial penalty. The amount will be returned to the student as a cheque to the student’s local address. A memo is required from the English Language Institute to support English Language overpayments.
