Caution: This Handbook provides a guide to Technical and Further Education (TAFE) courses available at the University in 2006. The Handbook cannot hope to cover all of the various options adequately, although it attempts to be as accurate as possible. Students should always check with the relevant school officers when planning their courses. The Handbook also includes descriptions of courses that may be altered later or that may not in fact be offered due to insufficient enrolments or changes in teaching personnel. The fact that details of a course are included in the Handbook can in no way be taken as creating an obligation on the part of the University, faculty or school to teach it in any given year, or to teach it in the manner described. The University reserves the right to discontinue or vary courses at any time without notice.

HOW TO USE THIS BOOK
Welcome to the Victoria University TAFE Handbook 2006. The Handbook is designed to provide students with detailed information on course structure, module/unit content, on-campus facilities and University regulations and procedures required for the successful completion of study.

The introduction to this handbook lists all TAFE courses offered by Victoria University.

The General Course Information section outlines useful information specific to TAFE regarding application procedures, fees and charges, the Australian Qualifications Framework, articulation, recognition of qualifications and other services available to students.

The sections on the various Schools within TAFE outline the requirements and structure of all courses offered by individual Departments within each School. The course outlines are followed by the Unit of Study Details chapter, which gives detailed descriptions of all modules/units offered. The modules/units are listed in alphanumeric order according to their unit of study code.

The back sections of the Handbook include useful information about articulation and credit transfer, recognition of prior learning, admission and enrolment procedures and services available to students. There is also a list of all courses offered by Victoria University in 2006, including higher education courses.

TAFE courses are offered at nine of Victoria University’s 12 campuses and sites – City King in the Melbourne CBD, Footscray Nicholson, Melton, Newport, City South Melbourne, St Albans, Sunbury, Sunshine and Werribee – as well as in many businesses and enterprises locally, interstate and internationally. The campuses offer a personalised learning environment, excellent facilities and equipment, and a broad range of student support services.

Certificate, diploma and advanced diploma courses offered by TAFE are in high demand. Victoria University is the largest provider of vocational training in aged care, beauty, business; hairdressing; nursing; painting and decorating; sign technology; and transport, distribution and logistics in Victoria as well as a major provider of sport and recreation training.

Training methods include internet-based and other flexible and innovative forms of delivery. Victoria University TAFE has developed considerable expertise and an outstanding reputation for its flexible delivery methods and workplace-based training. The internationally recognised Australian Quality Training Framework (AQTF) provides a guarantee of quality delivery and the industry relevance of the training delivered. TAFE at Victoria University delivers customised training services directly to industry, either in the workplace or in other locations specified by the client.

Most TAFE courses sit within pathways that allow students to progress to higher levels of study and to receive recognition for studies completed successfully. This linking of programs at different levels, known as articulation, provides people with study choices at various stages of their professional development. Victoria University is committed to lifelong learning and articulation. We encourage people to continue their education by providing easily understood pathways, and by giving them credit for existing skills or previous education and training.

Victoria University offers a wide range of courses to apprentices including automotive, boat building, civil construction, computer systems, cookery, electrical, electrotechnology, hairdressing, painting and decorating, plumbing, sign industry, welding and fabrication. We also offer courses to trainees in aged care, animal studies, beauty, child care, graphic design, information technology, legal administration, library studies, multimedia, nursing, office administration, retail, security, sport and recreation, transport and distribution.

Through our Industrial Skills Training Centre at Werribee, we offer industry courses and short courses in WorkSafe and VicRoads licence, assessment and training in building and construction, earthmoving, driver education, forklift and transport of dangerous goods.
In addition, more than 150 short courses are offered, including recreational and personal development courses, as well as courses in essential business and employment skills through our Short Course Centre.

In partnership with key industry bodies, TAFE has developed innovative programs for diverse industries, including accounting; aged care; building and construction and related trades; library and cultural studies; multimedia; music industry; naturopathy; small business; sport development in golf and tennis; and transport, distribution and logistics.

Victoria University offers a significant further education program to adults who are returning to study, who are from a culturally and linguistically diverse background and/or have special needs. Our close partnership with the Adult Migrant Education Program provides English language programs to new arrivals while our association with the State Government’s Department of Human Services delivers the Futures Program for people with special needs.

We also offer a number of VETiS (VET in School) programs for Year 10, 11 and 12 students to enable them to undertake vocational education and training, including VCE VET, school-based New Apprenticeships, VCAL VET and tasters.

I invite all prospective and continuing students, industry and commercial clients and community groups to engage with TAFE at Victoria University and look forward to a mutually successful relationship.

GENERAL COURSE INFORMATION

ACCESS AND EQUITY
The University believes that all students and staff have the right to study and work in a positive environment which values diversity and protects all members of the community from any form of discrimination or harassment. The University is committed to, and all staff are responsible for, achieving access, equity and excellence in tertiary education. Accordingly, the University has adopted flexible admission and selection policies that take account of the wide range of educational backgrounds and experience of prospective students. Students with a disability should contact Disability Services and ascertain what assistance may be available to them. Moondani Balluk offers a range of support for Indigenous Australian students. For further details visit Victoria University’s web site: www.vu.edu.au/equity or contact the Equity and Social Justice Branch on (03) 9919 2193. Emails can be sent, as appropriate, to equity@vu.edu.au, disability@vu.edu.au or moondani.balluk@vu.edu.au

APPLICATION PROCEDURES
Applicants for full-time entry into courses which have a minimum entry requirement of satisfactory completion of Year 12 (VCE or equivalent) would generally apply through the Victorian Tertiary Admission Centre (VTAC) system. Check the most recent VTAC Guide for details.
All other applicants must apply directly to Victoria University. Submission dates for applications for entry to TAFE courses vary. Application forms and details of dates for individual courses are available from the Admissions Office (03) 9919 2286 or the campus closest to your home or work. For further details visit Victoria University’s web site: www.vu.edu.au.
Applicants without the specified educational prerequisites may be eligible to enter courses if they have relevant work experience and/or can demonstrate their potential to successfully complete their chosen course.

ENROLMENT PROCESSES
Applicants offered a place in a course will need to enrol by attending a scheduled enrolment session or via mail (if applicable). Further information about enrolment processes can be obtained from respective Departments or at www.vu.edu.au/Services/Student_Administration.

NEW APPRENTICESHIPS AND TRAINEESHIPS
Information regarding Apprenticeships and Traineeships is available from the New Apprenticeship Centre, Footscray Nicholson Campus, Telephone: (03) 9919 8533.

PORTFOLIO PARTNERSHIP PROGRAM
The Portfolio Partnership Program (PPP) is an alternative entry program to Victoria University’s most popular courses. It requires applicants to submit a portfolio of evidence about themselves and for their schools to provide a recommendation of the applicants. This alternative entry scheme is only available to students attending a Victoria University partnership school in the Western Metropolitan Region, City of Hume, Macedon Ranges and Moorabool Shire. Applications are limited to 10 per cent of the Year 12 students in each partnership school.

LEARNING PATHWAYS
Victoria University will work with the prospective student to determine the sector (TAFE or Higher Education), the course and the campus that is most suitable for the applicant, taking into account a number of factors.

AUSTRALIAN QUALIFICATIONS FRAMEWORK
The Australian Qualifications Framework (AQF) provides a comprehensive nationally consistent framework for all qualifications in post-compulsory education and training. Victoria University offers a wide variety of courses at a range of entry levels. The descriptions below are included to give prospective students an understanding of these levels and to assist them to identify the course which best meets their needs.

CERTIFICATES I–IV
Certificates I–IV prepare people for both employment and further education and training. These certificates recognise skills and knowledge that meet nationally endorsed industry/enterprise competency standards as agreed for those qualifications by the relevant industry enterprise, community or professional group. Certificate I–IV courses include: preparatory access and participation skills and knowledge such as literacy and numeracy, communication skills, working in teams, workplace technology and identified industry-specific competencies of increasing complexity and personal accountability at each level of the Certificate qualification. Certificates involve up to one year full-time study or part-time equivalent.

DIPLOMAS AND ADVANCED DIPLOMAS
Diplomas and Advanced Diplomas prepare people for self-directed application of skills and knowledge based on fundamental principles and/or complex techniques. These qualifications recognise capacity for initiative and judgement across a broad range of technical and/or management functions. Advanced Diplomas signify skills and knowledge of greater complexity and a higher level of personal accountability than is required at Diploma level. Typically, a Diploma involves the equivalent of two years full-time study following the completion of Year 12, with three years full-time study post Year 12 or equivalent being required for an Advanced Diploma.

Students continuing on to Degree programs at University may be eligible to obtain exemptions or credit transfers on the basis of Diploma/Advanced Diploma units successfully completed.

PREPARATORY AND BRIDGING COURSES
Victoria University offers a range of access and bridging programs which provide alternative entry opportunities into TAFE and higher education award courses for persons who would not normally be eligible for entry because of their previous educational qualifications, age, or other disadvantage.

ARTICULATION PATHWAYS
Articulation is the creation of links or study pathways to enable students to move easily between courses as their needs change. Articulation gives students the opportunity to progress to the next level of study and to receive maximum credit transfer for study already undertaken, thus reducing the time taken to complete subsequent courses. Duplication of effort is reduced and students are encouraged to continue their education at higher levels.

FROM VCE TO TAFE
Credit transfer arrangements are now in place for students who have completed VCE subjects which include specified vocational skills to obtain credit in TAFE courses at Certificate level at Victoria University.

TAFE TO HIGHER EDUCATION
Many students on completion, or even before completion, of a TAFE course wish to continue their tertiary education at Degree level. It is now possible in many areas of study to qualify for entry and to obtain substantial credit transfer into a degree course on the basis of studies undertaken at TAFE level. It should be noted that satisfactory completion of a TAFE course does not guarantee entry into a degree course. Articulation also enables students to change courses more easily without penalty. Students may move from a Degree course into a TAFE Certificate or Diploma course as their study requirements change. Specific arrangements are covered in the Articulation section of this handbook.

CREDIT TRANSFER AND RECOGNITION
Credit transfer may be available for study previously completed. Students who have already successfully completed any of the modules/units in the course in which they are enrolling may be eligible for credit transfer. Under the Universitys Recognition Policy, Victoria University will recognise Qualifications and Statements of Attainment issued by a Registered Training Organisation. Further information about credit transfer and application forms can be obtained from respective Departments.
RECOGNITION OF PRIOR LEARNING/RECOGNITION OF CURRENT COMPETENCY
The University is committed to recognizing the skills and knowledge of students. Recognition of Prior Learning/Recognition of Current Competency (RPL/RCC) is an assessment process that matches the skills and knowledge students have achieved, through study and life/work experience with what would be covered in specific modules/units within a course. Where the student successfully completes the RPL/RCC assessment they will receive ‘credit granted’ for those modules/units. Further information about RPL/RCC and application forms can be obtained from respective Departments.

INDUCTION/ORIENTATION PROCEDURES
Induction/orientation for students will include information about: assessment processes, timetable, curriculum content, attendance requirements, books and materials required, relevant Victoria University policies and procedures, and services provided by Victoria University.

DELIVERY MODE
Victoria University TAFE offers students a range of study options including: full-time and part-time; on campus or off campus; workshops; workplace delivery; traineeships; apprenticeships; distance education; flexible education.

ASSESSMENT
Assessment is competency based. Reassessment is available on appeal. Full assessment details are available from respective Departments.

FLEXIBLE LEARNING AND ASSESSMENT SERVICES
Departments may be able to offer flexible learning and assessment services that take account of the wide range of educational backgrounds and experience of students. Full details are available from respective Departments.

LANGUAGE, LITERACY AND NUMERACY SUPPORT
Study skill support is available to all TAFE students through the Program of Concurrent Assistance. Qualified teachers support students in studying for exams, preparing, researching and writing assignments and language, literacy and numeracy skills. Concurrent Assistance is available through computer-equipped study labs, or through individual appointments. Phone (03) 9919 7049 for further information.

DISCIPLINE
The University will act to protect good order and the rights of individuals within its confines. To this end, a formal process will be followed to deal with any alleged breach of discipline or misconduct. The University operates within the provision of a Regulation dealing with discipline (Regulation 2.7. Discipline). Students should note that the Student Union can be contacted on (03) 9919 4360 to assist in discipline related matters.

APPEALS AND COMPLAINTS PROCEDURES
Appeals and complaints procedures are based on principles of natural justice and should progress with confidentiality and discretion.
In the first instance inform the relevant program manager/course coordinator, Head of Department or their supervisor about the situation. It is their responsibility to notify you about your rights and to take action on these matters. Students can also contact the Student Union on (03) 9919 4360 to assist in these matters.

The University’s Industrial Skills Training Centre (ISTC) offers a range of short courses including dogging, rigging, scaffolding, earthmoving and driver training as well as traineeships and apprenticeships in civil contraction and transport and distribution. The Centre boasts a fleet of modern, well-maintained light and heavy vehicles and earthmoving equipment which are used daily for training purposes.

The Specialist Centre for Transport, Distribution and Logistics, established in 2003, works closely with industry and other training providers of TDL. The Centre received a State Government Equipment Grant for warehousing equipment which has been installed at ISTC and will be used to conduct warehouse training in a simulated environment. The Centre provides a focal point for the identification and uptake of industry relevant programs, capturing new training opportunities and allowing the TDL industry to tap into the University’s strong capacity in applied research.

The School of Engineering, Construction and Industrial Skills courses are offered at the Werribee, Melton, Sunshine, Newport and Footscray Nicholson campuses. Excellent training facilities are a feature of the School's Quality Training which include:

- planning for the extension of the Whitten Building which will see all of TAFE Engineering consolidated at Sunshine Campus;
- the continuing upgrade of the hydraulics/pneumatics and mechatronics equipment at Sunshine Campus;
- the three-year cyclical timeframe of replacing the plant and equipment within the Industrial Skills Training Centre which commenced in 2003;
- the fifty-five hectare Industrial Skills Training Centre complex incorporating the new Specialist Centre for Transport, Distribution and Logistics.

The School maintains its strong links with industry to ensure training remains relevant. A considerable number of its staff work in company operations both full-time and part-time. A major focus of the School’s business is to provide support for individuals and companies in the workplace using flexible training materials to deliver training which will complement individual enterprise training schedules and work patterns. On-the-job training, both short and long term, is provided for a broad range of industries. The School has specifically developed a variety of programs for the New Apprenticeship system, subject to an agreed training program. Traineeships can now be delivered and assessed totally in the workplace.

Each Department within the School is actively involved in the VET in Schools program whereby students can automatically receive credit transfers into related TAFE courses. The School is also continuing to develop its articulation arrangements with the associated Higher Education sector of the University. This enables students to move between the two sectors and provide them the opportunity to complete a degree in their chosen field.

ENGINEERING (CERTIFICATE I–III) [NEW APPRENTICESHIPS]  
It is anticipated that the current courses will change to National Training Packages to be delivered Australia wide in 2006. Details of the courses are yet to be confirmed. Victoria University intends to deliver the new courses in 2006.  

COURSE LOCATION  
Footscray Nicholson, Newport, Melton.  

CAREER OPPORTUNITIES  
Prepare students for Traineeships, Apprenticeships or Production Training Programs.  

SCOPE OF DELIVERY  
Day release.  

COURSE OBJECTIVES  
The courses leading to qualifications described in this brochure are based upon the Metal and Engineering Training Package which has been developed by the Manufacturing, Engineering and Related Services Industry Training Advisory Body Ltd. (MERS ITAB) to meet the training and skills recognition needs of the manufacturing and engineering industry in Australia. All qualifications in the Training Package are based on the National Metal and Engineering Competency Standards. These standards focus on what is expected of people in workplaces rather than on the learning process. The standards reflect realistic workplace practices across a broad range of situations. This includes the specification of knowledge and skills and the application of that knowledge and skill in the workplace as well as the ability to transfer and apply the competency in new situations, environments and contexts.

### COURSE STRUCTURE

The Metal and Engineering Competency Standards Units of Study are divided into three categories, which are used to describe the necessary components of a particular skill profile for jobs within the industry.

The three categories are:

- **Foundation Units of Study** – competencies that are a necessary part of the skill profile of every job in the industry. Foundation competencies do not carry a points weighting, however they are necessary pre-requisites to higher level Units of Study and will form part of the skills profile of all employees.

- **Core Units of Study** – define competencies which are common and necessary across a range of classifications and positions in the Metal and Engineering Industry.

- **Specialisation Units of Study** – describe the diverse range of competencies needed across the industry. The Specialisation Units of Study are also divided into ‘bands’, with some overlap between them. Band B skills are more difficult than band A skills. Some Specialisation Units of Study are regarded both band A and band B Units of Study.

Band A – represents a range of competencies which may be used for career progression up to classification C8.

Band B – represents a range of competencies, which may be used for career progression between classifications C10 to C5, and must be used above C8.

Each unit of competency has an allocated weight shown as ‘unit weight points’. Each qualification includes an identified number of points. The Units of Study selected for the qualification must have a combined points value no less than the points value specified for the qualification. The combined points total also includes the points for any pre-requisite Units of Study involved. Note that the points for any particular unit can only be counted once in each qualification.

### Core competency Units of Study – Band 1

At Certificate II in Engineering – Production (C12), the Foundation Units of Study and the C12 Core unit is needed.

It is mandatory that all students undertaking clinical experience provide clinical experience employers with a police check, prior to commencement of their placement. Clinical experience employers may refuse to accept a student for placement, based on the information contained in their police check. Successful applicants must provide the University with a current Police Check on the first day of the course. This police check must be in a sealed envelope with the applicants name and address printed clearly on the outside of the envelope. The sealed envelopes will be forwarded to clinical placement employers for their approval, one month prior to clinical experience taking place.
Victoria University does not select students based on the information contained in their police checks. However, should a student be refused a clinical placement based on the information contained in their police check, the University will make one further attempt to locate another clinical placement for the student. Students who are unable to complete clinical experience due to their police checks will not be able to successfully complete the course.

RECOGNITION – RPL/RCC, CREDIT TRANSFER AND ADVANCED STANDING

Victoria University recognises that valuable learning takes place outside the University through:
- study towards formally recognised qualifications (either fully or partially completed) such as a degree, diploma, or certificate (this is referred to as credentialed study);
- short courses, offered by professional bodies, voluntary associations, workplaces, trade unions, government agencies and/or community groups, that do not lead to formal qualifications (or non-credentialed learning);
- work experience; and
- life experience.

Recognition of Prior Learning (RPL) or Recognition of Current Competency (RCC) is an assessment process whereby the learning that students have achieved through study and life/work experience is matched against the learning that would be covered in specific units of study.

Students are encouraged to think broadly about their experiences as in addition to providing entry into a course, students' prior learning may enable them to be granted credits for units of study within that course.

Victoria University has established the following processes to facilitate the recognition of learning achieved outside the University: Pathways, Credit Transfer, and Recognition of Prior Learning or Recognition of Current Competencies.

By recognising students' past experiences and achievements, the University ensures that students do not repeat the skills and knowledge they have already achieved.

In this way students are able to shorten the length of their course, saving time and money. They study at the appropriate level, are encouraged to continue their learning and achieve their educational goals with maximum efficiency.

Students who have already successfully completed any of the units of study in the course in which they are enrolling may be eligible for credit transfer. Under Recognition of qualifications issued by another RTO, Victoria University will recognise Qualifications and Statements of Attainment issued by any Australian Registered Training Organisation.

PATHWAYS

Victoria University is widely recognised as a national leader in developing pathway arrangements for students, particularly between the TAFE and higher education sectors.

Standardised pathways are formally approved links between courses in different sectors or within the same sector. ‘Articulation’ describes the links or pathways between courses. Students who take advantage of pathways are called articulating students.

Pathways allow for students to move from:
- secondary school to TAFE;
- TAFE to TAFE;
- TAFE to higher education;
- higher education to TAFE;
- higher education to higher education;
- workplace to TAFE or higher education;
- private training organisation to TAFE or higher education;
- international courses to TAFE or higher education.

Examples of pathways include:
- credit/exemptions – for example students who have successfully completed the Advanced Diploma of Business (Accounting) will receive credit for twelve units of study in the Bachelor of Business (Accounting), if they gain entry into that degree course;
- entry only – for example students who have successfully completed Science for Nurses (Gateway to Nursing and the Health Sciences) gain entry into the Certificate IV in Health [Nursing] if they meet particular entry criteria for the Certificate IV in Health [Nursing].

Pathways may also link courses in the same or different disciplines. Students who meet the conditions specified in the pathway will be granted the benefits specified in the pathway provided they have met the entry requirements.

Note that students who have not completed their initial course may still obtain credit in recognition of the relevant units of study successfully completed.
APPLICATION PROCESS
Students who believe that they are eligible for RPL/RCC, credit transfer or entry or credit through a pathway are advised to approach their Faculty or Department Office for further information including relevant application form. Forms are also available from the Centre for Commencing Students and Student Administration. Students are encouraged to discuss their application with their teacher/lecturer before it is submitted. Departments will provide information about the evidence that is required.
Students should provide details of any prior study when they:
- apply to enter a course;
- are interviewed in the Centre for Commencing Students; or
- enrol.

Students eligible for entry or credit on the basis of a formally approved pathway will be identified at the time of enrolment. Any credit may be granted at the time of enrolment.
The University will endeavour to process applications for RPL/RCC or credit transfer as soon as possible. Processing time depends on the complexity of the application but should take no more than four weeks.

FEES
An Assessment Fee may be charged where an external board/party is involved in the RPL/RCC assessment process.
A fee will apply to fee for service programs.
TAFE applicants will be notified of any applicable fees in writing.

NOTIFICATION
Applicants will receive in writing the results of their application for RPL/RCC or credit transfer or assessment.

RIGHT OF APPEAL
Applicants have the right to appeal the outcome of their application or the process. Refer to the relevant Faculty or Department Office for advice on the process for lodging appeals.
STUDENT SERVICES DEPARTMENT

The Student Services Department’s responsibilities feature administrative and professional services that range from admission to graduation, encompass the spectrum of dual sector offerings and relate to international and domestic students.

The Department is made up of a Director’s Office and three Branches. In summary the key groupings are as follows:

Office of the Director: responsible for department wide operations of finance, staffing, policy and quality assurance as well as specialist childcare services that support the student experience through the provision of childcare at key campuses.

Student Administration: responsible for the key processes that feature a focus on statutory, system and student progress across the dual sectors including the key events of admission, enrolment, assessment and graduation.

Student Liaison: responsible for face-to-face student liaison through student service centres at all campuses, a student contact centre providing telephone and web services, and specialist services of student advocacy and representation.

Student Support: responsible for professional services that support and enhance the student experience including counselling, health, housing, financial and international student support as well as sport and recreation services.

Children’s Services: offers childcare services to staff and students at four University-operated centres including: Footscray Park Childcare, Footscray Nicholson Children’s Centre, Newport Children’s Centre, Werribee Children’s Centre. The centres aim to maintain a high-quality, caring environment where children have access to a range of educational programs that meet their individual developmental and creative needs.

Further details about what the above sections can offer students can be found on the Student Services website at: www.vu.edu.au/services

STUDENT SERVICE CENTRES

Student Service Centres are located at most campuses. These centres offer a full range of student administration services to students as well as providing ‘self help’ computers for student use.

Casual space for student use is also provided at some Student Service Centres.

WEB BASED SERVICES

Victoria University offers a number of e-based self help resources for students.

Initially this will include student administration questions related to enrolments and fees, but will develop over time to include other areas such as admissions, graduations, examinations etc.

AskVU allows users to:
- search for answers in an extensive database of frequently asked questions;
- ask a question to the Student Contact Centre; and,
- manage inquiries in a personal portal called “Your History”, where all your questions and askVU responses will be stored.

AskVU is accessed at: www.askvu.vu.edu.au

MyVU is a web-based portal for the use of current students that allows students to:
- check enrolment details;
- apply for a course online;
- apply for scholarships online;
- apply for graduation online;
- view student results online.

MyVU is accessed at: www.myvu.vu.edu.au

PORTFOLIO PARTNERSHIP PROGRAM
Victoria University’s Portfolio Partnership Program (PPP) is an alternative-entry scheme available only to Year 12 students attending a participating secondary college in Melbourne’s western metropolitan region and the City of Hume, and Macedon Ranges and Moorabool Shires. As an alternative-entry process to the University, the PPP looks beyond the ENTER score – it is based on criteria other than ENTER and middle-band selection. The PPP requires applicants to submit a portfolio that is used for selection to courses offered in the program.

The portfolio enables students to demonstrate:
- their goals and achievements;
- previous studies;
- work experience;
- skills and personal qualities;
- examples of their work; and
- other evidence that indicates a commitment to a proposed study area.

The PPP is for students who:
- have been consistent achievers in senior secondary years;
- have demonstrated the potential to succeed at university;
- have a strong vocational commitment; and
- have a strong preference for one of VU’s PPP courses.

Applicants may only apply for one course via the PPP by submitting their portfolio and ensuring the course is included in their VTAC application. For further details of available PPP courses view www.vu.edu.au/PPP or contact the Centre for Commencing Students (CCS):

Email: CCS@vu.edu.au
Telephone: (03) 9919 4110

**FLEXIBLE LEARNING**

Victoria University offers a broad range of courses, from Certificate I to PhD. The University also offers bridging and preparatory programs for entry into courses. Different courses fit into the Australian Qualifications Framework. See section on AQF below.

The University is committed to establishing multiple course entry and exit points. Multiple entry points enable individuals to enter a course at a level that meets their educational needs. Multiple exit points provide students with the flexibility to exit at different stages of a course with qualifications. This flexibility accommodates work and other commitments that learners face throughout a lifetime. Victoria University encourages lifelong learning by recognising an individual's past experiences and achievements. Recognition of Prior Learning (RPL)/ Recognition of Current Competency (RCC) and Credit Transfer facilitate movement along Articulation Pathways arrangements developed by the University and may save students time and money.

**ARTICULATION PATHWAYS**

Victoria University is a leader in the development of Articulation Pathways. Articulation Pathways link courses within and between the TAFE and higher education sectors. Articulation Pathways specify how previous study (usually in a related field) may be recognised and credited. For example, students who have completed the Advanced Diploma of Accounting may be eligible for up to 12 unit of study credits if they gain entry into the Bachelor of Business – Accounting. This means it may take them less time to complete the degree. Information about Articulation Pathways is available at www.vu.edu.au (through the Centre for Commencing Students home page link). Articulation Pathways from university to vocational education and training qualifications are also becoming increasingly popular as a way of gaining industry experience needed to increase employment opportunities.

**RECOGNITION POLICY (RPL/RCC)**

Credit Transfer recognises a course or courses a student has previously undertaken and enables the student to gain credit in another course. Students who believe they maybe eligible for Credit Transfer should apply for it when they have accepted a place in a course and have enrolled and not when the teaching period commences. A Recognition Policy has been implemented which outlines the process for Recognition of Prior Learning (RPL) and Recognition of Current Competency (RCC) applications.

RPL/RCC is an assessment process that applies to individuals who may have prior study, or other relevant experience, but who do not have access to Credit Transfer arrangements for the chosen course. The RPL/RCC process recognises previous study by matching learning that has been achieved through study, life and work experience against learning that would be covered in specific units of study or modules. Students are encouraged to discuss possible Credit Transfer and RPL/RCC applications with the course co-ordinator at enrolment. For more information on Articulation Pathways, Credit Transfer and RPL/RCC contact the Centre for Commencing Students:

**AUSTRALIAN QUALIFICATIONS FRAMEWORK**

The Australian Qualifications Framework (AQF) is a system of thirteen national qualifications in schools, vocational education and training (TAFE and private providers), and the higher education sector (mainly universities). The framework links all these qualifications and is a highly visible, quality-assured national system of educational recognition which promotes lifelong learning and a seamless and diverse education and training system.

**MODES OF STUDY**

Most Victoria University courses can be studied either full time or part time. Part-time study allows students to further their employment opportunities or interests while meeting work, family or other commitments. A small number of courses also offer fleximode study, whereby students may undertake study via a combination of delivery/attendance methods, including:

- workplace learning;
- distance education;
- workshops;
- accelerated or decelerated learning.
NEW APPRENTICESHIPS

New Apprenticeships is a joint Federal and State Government initiative aimed at providing structured on- and off-the-job training to those interested in obtaining a nationally recognised qualification, while employed either full time or part time. Victoria University is a major New Apprenticeships provider and offers training in the following industry areas and many more:

- aged and disability care;
- animal studies;
- art and design;
- automotive;
- building and construction;
- chemical and oil;
- childcare;
- civic construction;
- community services;
- computer systems;
- electrical and electronics;
- engineering;
- food processing;
- hairdressing and beauty;
- hospitality;
- industrial skills;
- information technology;
- retail and wholesale;
- sales and marketing;
- security.

UNDERGRADUATE DEGREES

In general, undergraduate degree courses require three to four years of full-time study, depending on the program selected. These courses are generally open to students who have completed VCE or equivalent. Certain courses require previous study in selected disciplines, such as mathematics or physics. See individual courses, found in the ‘Course Information’ section of this guide, for details and prerequisites.

HONOURS DEGREES

To qualify for a bachelor degree with honours, students must complete an additional year of study in which they undertake in-depth theoretical studies and gain supervised research experience relevant to their chosen discipline. Students may enrol in an honours year if they complete an appropriate undergraduate degree and achieve consistently high-level results across the first three years of study.

COMBINED AND JOINT DEGREES

Combined degrees combine the core components of two disciplines of study – taken from either one or two faculties – into a single program of study. The program is undertaken over a four- or five-year period and the graduating student receives two degrees, for example: Bachelor of Arts – Asian Studies/Bachelor of Business – International Trade. Joint degrees integrate two degrees, each of which is run independently by two different schools, departments or faculties. The program is undertaken over a three- or four-year period and the graduating student receives a single degree, for example: Bachelor of Business – Marketing/Applied Economics.

POSTGRADUATE COURSES

NORMAL ENTRY

DOCTOR OF PHILOSOPHY (PhD)

To be eligible for admission a person must have:

- a masters degree; or
- a four-year bachelor degree with honours or honours degree with a superior performance at 1st Class or 2A honours level; or
- a three-year bachelor degree together with a postgraduate diploma that is an extension of the discipline contained in the undergraduate qualification and at a level considered to be equivalent to 1st Class or 2A honours, as determined by the Head; or
- been enrolled in a masters by research program and shown exceptional ability in the conduct of the first stages in a project and been approved for transfer into a PhD program by the Committee for Postgraduate Studies on the recommendation of the Head.

For admission to a PhD program a student must provide evidence acceptable to the Head of a capacity to undertake research in the discipline.

MASTERS DEGREE

To be eligible for admission applicants must have:

- qualified for a first degree of the University (or such other degree as the Department may deem equivalent for this purpose) at a standard considered by the Department to be sufficiently meritorious; or
- qualified for any other award judged by the Department to be of a relevant and appropriate standard; and
- produced evidence of professional experience through which they have developed their applied knowledge of the relevant field of study, and which satisfies the Department that they have the capacity to undertake study for the degree of master; and
- fulfilled any other conditions relating to prerequisite study which the Department may have imposed in respect of their admission to candidature.

GRADUATE DIPLOMAS AND GRADUATE CERTIFICATES

To be eligible for admission applicants must normally have successfully completed a degree or diploma and may be required to attend an interview or selection test.
UNDERGRADUATE COURSES

NORMAL ENTRY
Persons applying for entry to higher education undergraduate courses (other than those listed below under Direct Application) to study either full-time or part-time must apply through the Victorian Tertiary Admissions Centre.

While the VTAC Guide to Undergraduate and TAFE Courses is available from newsagents, a convenient and comprehensive application service is available from their website at: www.vtac.edu.au

Persons applying through VTAC should note that the VTAC rules, by which the University is bound, provide that no selection authority shall take into account the preference for that course as indicated by the applicant. This means that even if an applicant has indicated a lower preference for the course concerned than other applicants, there shall be no prejudice and each applicant will be considered equally.

PREREQUISITES AND EXTRA REQUIREMENTS
Some higher education undergraduate courses have special prerequisites for enrolment. Where this is the case, these requirements are published two years in advance in the Victorian Tertiary Education Requirements (this is published as a supplement in the press) and for the following year in the VTAC Guide.

For some higher education undergraduate courses, the application process requires applicants to complete a Supplementary Information Form available from the relevant Faculty Office, the Admissions Office or the University web site: www.vu.edu.au/admissions. These courses are identified in the VTAC Guide.

SPECIAL ENTRY
Persons applying for admission to a University course under Special Entry (except those applying for re-admission) must obtain an application form from the Centre for Commencing Students.
However, persons seeking Special Entry must also apply to VTAC unless the course comes under the Direct Applications category.

READMISSION TO THE UNIVERSITY
Students who are currently enrolled in an award course may apply directly to the University for admission to another course for the following teaching period. Students seeking readmission to the University should contact the Faculty or School administering the relevant course or Student Administration.

All other students who were previously enrolled at the University but whose enrolment has lapsed, or who have been excluded from their course because of unsatisfactory progress, may reapply for admission to the same or another course in any subsequent academic year. These students should apply using the standard procedures for that course. Such applicants for readmission to the University will have to meet the selection criteria applying to their intended course.

The selection process will take account of:
- the person’s previous academic performance at the University and their commitment to complete the course; and
- whether the circumstances which led to the person’s previous unsatisfactory progress or to their allowing their previous enrolment to lapse have changed or improved.

If selected for readmission such students will be subject to the course requirements in effect at the time of re-entry and may have special conditions attached to their re-admission.

PART-TIME ADMISSION
Persons applying for admission on a part-time basis to Higher Education undergraduate courses and TAFE courses should follow the application procedures set out above. Where a form is to be lodged with the University as well as with VTAC, applicants should indicate their intention to study part-time on the form.

POSTGRADUATE COURSES

MASTERS BY COURSEWORK, GRADUATE CERTIFICATES AND GRADUATE DIPLOMAS
All persons seeking admission to postgraduate studies in the University (except for the Graduate Diploma of Education) must apply direct to the University.

Application forms for graduate certificates, graduate diplomas and masters by coursework are available from the Student Administration Admissions Office at the St Albans Campus or Faculty offices on the campus where the course is offered.

DOCTOR OF BUSINESS ADMINISTRATION
Prospective students should contact the Faculty of Business and Law office at either the Footscray or City campuses for application details.

DOCTOR OF PHILOSOPHY AND MASTERS DEGREES BY RESEARCH
Those persons interested in pursuing a research degree are advised to contact the Postgraduate Studies Officer in the Faculty or Department in which they wish to study to discuss research interests and to determine the availability of suitable supervisors and facilities relevant to the proposed research.

Once the Department has confirmed that the applicant is eligible to enrol, an Application for Enrolment Form must be completed and lodged along with the necessary enrolment forms at Student Administration.

DIRECT APPLICATIONS
All direct applications for admission to award courses must be on appropriate University application forms, available from the University. Telephone (03) 9919 2286 for details or via www.vu.edu.au/admissions.

CLOSING DATES FOR DIRECT APPLICATIONS
Applicants lodging direct applications should contact the relevant Faculty or School for closing dates. Direct applicants should note that the selection process will be facilitated by lodging application forms at the earliest possible date, with the required accompanying documentation attached.

SELECTION PROCEDURES
Applicants may be required to complete a literacy and/or numeracy exercise as part of the selection procedure and may be given the opportunity to attend an interview as part of the selection procedure.

DOCUMENTATION
Direct applicants currently attempting Year 11 or Year 12 subjects should lodge their applications by the due date and then send a copy of their results when they become available. Other applicants who have attempted Year 11 or Year 12 should attach a certified copy of certificates.

All persons seeking admission to a course leading to one of the above awards who did not complete VCE must support their application with documentary evidence proving they have the educational qualifications referred to in their application. All
documents should be in the form of certified copies and if documents are in a language other than English, officially certified translations together with certified copies of original documents are required. The University will retain all such evidence. Original documents should never be sent but must be available on request and may be required at a later stage of the selection process (e.g. during interview).

If a direct applicant has undertaken previous tertiary studies the applicant must attach a certified copy of the full transcript of his or her academic record(s) obtained at the previous institution(s). Please do not send original documents.

UNIT OF STUDY CREDITS AND ADVANCED STANDING CREDIT FOR PREVIOUS TERTIARY STUDIES

Students who have completed unit(s) of study at another tertiary institution may be granted credit for equivalent units in Victoria University courses. A unit of study credit will allow a student an exemption from a course unit of study, while the value of that unit of study will still be counted towards their award.

Applications for credit for previous tertiary study must be accompanied by certified documentary evidence of the units of study passed, together with details of these units of study for comparison with the Victoria University course. Please note that the University may seek information from the other tertiary institutions about the applicant. The process is as outlined in the University’s Recognition Policy.

COURSE VARIATION BY SPECIAL APPROVAL

In cases where credit for units of study of a student’s course is not appropriate, the Dean of the Faculty or Head of the School or Department responsible for the student’s course may grant a variation to course requirements by special approval. A course variation substitutes alternative units of study of similar content and duration for units of study normally required within a student’s course.

The purpose of Course Variation by Special Approval is to avoid repeating curriculum material where it is deemed that a student will not gain substantial educational benefit from one or more of the normal requirements of the course, but where the student does not meet all the criteria for unit of study exemption.

APPLICATION PROCEDURE

Applicants for admission to courses at Victoria University should indicate on their application form if they wish to apply for credit.

Applicants applying for credits are also encouraged to complete an Application for Credit Transfer Form. All such applications must be lodged before the end of the second week of the relevant teaching period.

Processing of applications for unit of study credit may take several weeks. This process will be facilitated by the applicant providing all relevant information when lodging an application.

The following documents must be included in an application:

• a completed Application for Credit Transfer Form. This form is available from Student Administration or the relevant Faculty;

• a copy of the applicant’s academic record from the previous institution(s);

• where available, a description of the unit of study as published in the Handbook of the applicant’s previous institution, e.g. if applying for an exemption in Economics 1 at Victoria University on the basis of a pass in Economics at Monash University in 2005, the applicant should attach a copy of the unit of study description of the unit from the 2005 Monash University Handbook; and

• any other material that applicants wish to submit in support of their application.

TIME LAPSE BETWEEN STUDIES

Normally, credits for studies in a previous course of study will not be considered if studies were undertaken more than 10 years prior to the application. Courses linked to fields in which there is rapid change in technology and/or knowledge may set a maximum time limit of less than ten years. In cases where it can be demonstrated that relevant skills have been maintained and, where appropriate, updated, the above time limit restrictions may be waived by the appropriate Dean or TAFE Deputy Director on the recommendation of the appropriate Head of School or Department.

SCHOLARSHIPS

Scholarships are available to Higher Education (undergraduate) and TAFE students studying full-time who meet one or more of the following criteria:

• are on a low income;

• have dependent children;

• have moved from a rural or regional area to study;

• have an Indigenous background;

• are returning to study;

• have completed Year 12 in the Western Region of Melbourne;

• experience other significant educational disadvantages.

Eligibility criteria will apply. Scholarships vary in value from $1000 per annum to $4000 per annum. Apply online once you have enrolled or re-enrolled in a course at www.vu.edu.au/scholarships.

CAN’T ATTEND A SCHEDULED ENROLMENT SESSION?
Where students are unable to attend the designated re-enrolment session, they must arrange for a proxy to enrol on their behalf. The Enrolment by Proxy form is available on the VU website: www.vu.edu.au/Services/Student_Administration/Commonly_Used_Forms/. Please ensure that you carefully read the information on the back of the form.

If you do not enrol or arrange a proxy, you will lose your place in your course and will be placed on a waiting list for re-instatement into your course.

COURSE TRANSFER
An enrolled student wishing to transfer to a course of study in another Faculty, School or Department must apply for admission to the intended course of study on the appropriate form. Where this course transfer is approved, the student will be withdrawn from the previous course and enrolled into the new course.

LAPSED ENROLMENT
Past students of the University who are not on approved Leave of Absence (or deferment) from the University and who have not enrolled at the University for the previous semester, automatically forfeit their student place at the University and must re-apply for admission according to the procedure set down for new students.

ENROLMENT VARIATIONS AND COURSE WITHDRAWAL

HIGHER EDUCATION STUDENTS

Students wishing to vary their enrolment should complete an Application for Unit of Study Amendment Form. Students should lodge the form at any Student Service Centre.

Students who withdraw from a unit of study before the census date do not incur a liability e.g. HECS-HELP/FEE HELP liability for those units of study.

Students who withdraw from units of study after the census date, but before the late withdrawal date, do incur a liability e.g. HECS-HELP/FEE HELP liability but not an academic penalty for those units of study.

Students who withdraw from units of study after census date incur a liability, e.g. HECS-HELP/FEE HELP liability and an academic penalty of ‘WN’.

If special circumstances occur after census date and studies cannot be continued, a student can apply for:
- Student Learning Entitlement (SLE) re-credited; and/or
- HELP debt remitted; and/or
- a refund of any up-front payments towards Student Contribution/Tuition fees.

Eligible students must apply in writing within 12 months from the date of withdrawal.

Students wishing to totally withdraw from studies should complete an Application for Course Leave of Absence, Deferment or Withdrawal Form, obtain approval from the Faculty or Department responsible for administration of the course, and lodge the approved form at any Student Service Centre. Withdrawal from units of study or courses will not automatically be permitted after census dates in each teaching period.

If a student withdraws from enrolment at the University during the year without being granted leave of absence, it will be necessary to re-apply for admission to the course to recommence studies at any later stage. In such circumstances, re-admission is not automatic.

TAFE STUDENTS

TAFE students wishing to vary their enrolment should complete the appropriate form within four weeks of the course start date.

RULES FOR VARYING AN ENROLMENT

Students must enrol in a course of study or for a unit of study during official enrolment periods.

Acceptance of late enrolments and late variations (but not course withdrawals) will be accepted based on the following table:

*Higher Education students will be entitled to lodge a late unit(s) of study addition and Reduced/Overload Study form up to the end of the fourth week of a standard teaching period or the end of the second week for a non-standard teaching period. This is subject to academic approval and payment of relevant fine.

Students who do not comply with the enrolment and re-enrolment requirements, including the payment of relevant fees, will be required to pay a late enrolment fee and where appropriate, a reinstatement of enrolment fine. Details about Student Administration fees and charges can be found at the VU website. www.vu.edu.au/services/student_administration/Enrolment_and_Fee_information

LEAVE OF ABSENCE AND DEFERMENT

Leave of Absence, for periods of up to one year initially, may be granted by the Faculty or School responsible for the administration of a student’s award course. A student must submit an Application for Course Leave of Absence, Deferment or Withdrawal form available from the Enrolment & Fees website or the relevant Faculty, School or any Student Service Centre.

Deferments will only be available to students who have not commenced their studies. Applications must be made within seven days from the date of offer being made to the student. It should be noted that not all faculties will offer deferment.

UNDERGRADUATE AND POSTGRADUATE COURSES

A completed Application for Course Leave of Absence, Deferment or Withdrawal form including a recommendation from the appropriate School or Department should be approved by the Faculty or School prior to the enrolment census date for the teaching period in which the leave is to commence.

The Faculty or School will advise students in writing regarding the outcome of their application.

Where leave of absence is approved for Higher Education students after the relevant enrolment census date, students will remain liable for HECS contributions in respect of their enrolment in that teaching period.

DOCTOR OF PHILOSOPHY AND MASTERS BY RESEARCH

Students should approach the Postgraduate Studies Unit, Footscray Park Campus for advice regarding application for leave of absence. Application forms can be obtained from the Unit or any Student Service Centre.

PERSONAL DETAILS

Students who change their name, address or emergency contact must do this in writing by completing a Personal Data Amendment form available from a campus Student Contact Centre.

Students requiring a change of name must produce documentary evidence [e.g. marriage certificate, statutory declaration] in addition to completing a Personal Data Amendment form.

ENROLMENT RELATED FEES AND CHARGES

Students are required to pay all the fees for which they have been assessed including:
- the General Service Fee, inclusive of a building levy (if applicable);
- Tuition fees; and
- Student Contribution amount (if applicable).

Some Higher Education students will be eligible to defer their Student Contribution amount/Tuition Fees through a Higher Education Loan Program (HELP).
PAYMENT OF FEES IS REQUIRED BY THE DUE DATE AS SPECIFIED ON THE TAX INVOICE.

Students are required to pay their relevant fees by the due date as outlined in their invoice. TAFE concession students are required to pay the minimum fee (expected to be $70) at the time of their enrolment.

Students who are experiencing financial difficulties and are unable to complete payment of their fees on time should seek advice from Student Services Department.

GENERAL SERVICE FEE (GSF)

These fees are paid to the University to fund a variety of non-academic and general services, activities and facilities of benefit to all students. The amount is determined by the students enrolment load to a maximum amount of $300 for the year. It should be noted that this fee may be subject to future legislative changes and are subject to Council approval.

The detailed GSF amounts for students (excepting full fee students) is:

- For enrolment in higher education units of study:
  - $2.61 per 0.01 equivalent full-time student load;
  - A building levy of $40 for enrolment at one or more of the University’s Australian campuses.

- For enrolment in Technical and Further Education units of study:
  - $0.362 per student contact hour (SCH);
  - A building levy of $40 for enrolment at one or more of the University’s Australian campuses;
  - A building levy of $4 for students enrolled in Industrial Skills Training Centre part courses;
  - TAFE concession students undertaking government funded courses pay an $18 GSF.

ONSHORE, OFF CAMPUS STUDENTS

Onshore students enrolled in either higher education or TAFE courses for delivery by off campus mode are required to pay the minimum GSF.

TAFE TUITION FEES

Fees will be implemented in line with Ministerial Directions. For 2006, a tuition contribution of $1.31 per enrolled hour applies with a minimum amount of $52 to a maximum of $839.

HIGHER EDUCATION TUITION FEES

Undergraduate and Postgraduate units of study are grouped into Student Contribution (SC) bands based on demand for the discipline and the cost of teaching the unit. A students liability also depends on their relative study load as determined through their equivalent full time study load (EFTSL) and whether they have continuous study in their course of study prior to 2005. Further information can be accessed at: www.goingtouni.gov.au

Specific details of VU student contribution amounts and tuition fees for domestic students is available at: www.vu.edu.au/Courses/Fee_Guide

EXEMPTIONS

In cases of hardship, students can contact Student Support staff at your campus.

CROSS INSTITUTIONAL ENROLMENT

STUDENTS OF VICTORIA UNIVERSITY

Special arrangements can be negotiated whereby students studying towards a recognised higher education award may be given specific approval to undertake studies outside their awarding institution to count towards completion of course requirements. Such arrangements are termed “Cross Institutional Enrolment”.

457
The Course Co-ordinator of the relevant faculty and VU International in the case of an international student, must approve the Cross Institutional enrolment. Approval will not be given for more than one-half of a student’s course to be undertaken at another institution. Approvals must be completed prior to the teaching period census date.

A student of the University who undertakes an approved cross institutional course is required on completion of the unit to provide a copy of the results to the relevant VU Faculty Office to confirm completion of the Unit of Study(s) and in order for the appropriate grade to be entered against their external Unit of Study enrolment and to avoid delays when applying to graduate.

Where the host institution administers a Commonwealth Supported place in respect of a cross institutional enrolment that is approved by this University to count towards completion of a course, that part of the student’s Unit of Study enrolment at this University relating to the cross institutional studies will be exempt from student contribution liability. Such liability will be payable at the other institution where the Unit of Study is undertaken.

STUDENTS OF OTHER INSTITUTIONS

Students who have been admitted to higher education award courses at other tertiary institutions will, under certain circumstances, be permitted to undertake studies at the University to count towards completion of those courses. Admission of cross institutional students is subject to funding, timetabling and class size considerations, and requires the approval of the Head of School or Department responsible for teaching the Units of Study concerned.

Students of other institutions wishing to apply for enrolment should obtain written approval from the Director Student Services (or equivalent) at their home institution, verifying their enrolment status, indicating the nature of the studies to be undertaken, and certifying that the studies, if successfully completed, will count towards the award.

Students who have produced documentation required in accordance with the previous paragraph will be exempted from payment of the GSF normally required upon enrolment at the University, on the basis that they have already paid such a fee elsewhere. Students will normally be required to accept liability in respect of Units of Study undertaken at this University. However, students should not be required to accept liability more than once in respect of any particular component of enrolment.

HIGHER EDUCATION COMMONWEALTH SUPPORTED STUDENTS

A Commonwealth Supported place is a higher education place for which the Commonwealth makes a contribution towards the cost of the students education. Commonwealth Supported students will generally be required to contribute to the cost of their education through a student contribution amount. The student contribution amount applicable for Unit of Study offered at Victoria University is available at: www.vu.edu.au/Courses/Fee_Guide/

WHO IS ELIGIBLE TO BE COMMONWEALTH SUPPORTED?

Students are eligible to be Commonwealth Supported if they are:

• an Australian citizen;
• a New Zealand Citizen who will be resident in Australia for the duration of the unit of study;
• the holder of a permanent visa who will be resident in Australia for the duration of the unit.

Particular rules in relation to this eligibility have been determined by the Commonwealth government and can be viewed at: www.goingtouni.gov.au

HIGHER EDUCATION LOAN PROGRAM (HELP)

Loan programs exist for higher education students as outlined in Higher Education Support Act 2003 (HESA). Eligible students have access to deferred payment arrangements through the Higher Education Loan Programme (HELP).

The HELP scheme consists of three loans:

• HECS-HELP;
• FEE-HELP;
• OS-HELP (only available to undergraduates).

As well as the HELP scheme, there are a number of Commonwealth and privately funded scholarship opportunities available to eligible students to assist with the costs associated with undertaking higher education. For further information on loan programs please visit the Going To Uni website: www.goingtouni.gov.au

HECS-HELP

There are two forms of HECS-HELP assistance as follows:

• a HECS-HELP Loan made available by the Australian Government to eligible Commonwealth Supported students to assist in the payment of their Student Contribution amount;
• a HECS-HELP discount of 20 per cent is available to all students who make upfront payments of $500 or more, towards their Student Contribution amount directly to their Higher Education Provider prior to Census Date.

HECS-HELP – WHO IS ELIGIBLE?

Students are eligible for HECS-HELP assistance if they:

• are enrolled in a unit of study as a Commonwealth Supported student; and
• meet the citizenship or residency requirements as outlined in the HESA; and
• submit a completed Request for Commonwealth support and HECS-HELP form; and
• supply their Tax File Number if they intend to defer their Student Contribution amount through a HECS-HELP loan; or
• pay 80 per cent of the Student Contribution amount directly to the Higher Education Provider.

FEE-HELP

FEE-HELP is a loan scheme that assists eligible students to pay their tuition fees. FEE-HELP can cover all or part of a student’s tuition fees, up to a lifetime limit of $50,000, the amount is indexed each year by DEST.

FEE-HELP – WHO IS ELIGIBLE?

Students are eligible for FEE-HELP assistance if they:

• are undertaking study at an eligible higher education provider or Open Learning Australia; and
  – meet the citizenship or residency requirements as outlined in the HESA; and
  – are enrolled in an eligible unit of study on the census date; and
  – are not Commonwealth Supported in relation to the unit;
  – have submit a completed Request for FEE-HELP assistance form;
  – meet the Tax File Number Requirements; and
  – have not exceeded the FEE-HELP limit.

OS-HELP

OS-HELP is a loan scheme to assist eligible undergraduate students to undertake some of their course of study overseas.
OS-HELP is not available to students undertaking their whole course outside Australia

**STUDENT LEARNING ENTITLEMENT AND CHESSN**

Students eligible for a Commonwealth Supported place will receive a Student Learning Entitlement (SLE), providing access to seven or more years of equivalent full-time study load in a Commonwealth supported place. Commonwealth Supported Students will be allocated a Commonwealth Higher Education Student Support Number (CHESSN) allowing them to monitor their SLE balance. Students can access information relating to their SLE balance via the Going to Uni website at: www.goingtouni.gov.au

**TAX FILE NUMBERS**

**HANDLING OF TAX FILE NUMBERS BY UNIVERSITY STAFF**

Tax File Numbers submitted by students or received from the Australian Taxation Office will be kept secure and confidential and no unauthorised person will be permitted access to this information.

**COLLECTION OF TAX FILE NUMBER INFORMATION BY THE UNIVERSITY**

If a student provides a Tax File Number that does not conform to the specifications provided by the Australian Taxation Office, the responsible University Officer has the authority to cancel the student’s enrolment.

If a student fails to provide a Tax File Number or a Certificate of Application from the Australian Taxation Office by the enrolment census date, then the responsible University Officer has the authority to cancel the student’s enrolment.

**COMMUNICATION FROM THE UNIVERSITY TO STUDENTS**

**TAX INVOICE**

The University will issue a Tax invoice to each student detailing:

- the student’s personal details;
- the course of study the student is enrolled in; the units of study the student is enrolled in for the current teaching period;
- the effective Full Time Student Load (EFTSL) or Student Contact Hours (SCH) for each unit(s) of study for Higher Education and TAFE students respectively; and
- details of applicable fees due that may include Amenities and Services fees; Material and Ancillary fees; Student Contribution amounts and/or Tuition Fees;
- Payment methods.

**COMMONWEALTH ASSISTANCE NOTICE**

Higher Education Commonwealth Assisted Students are issued with a Commonwealth Assistance Notice (CAN) within 28 days of Census Date for each teaching period of study. Students are required to check the enrolment information provided on the CAN and inform the University in writing within 14 days of generation of the CAN if they identify incorrect information. If the University does not receive any feedback from a student within 14 days of the CAN being issued, the student’s enrolment record as shown on the CAN is taken to be correct and the student will incur the Student Contribution and/or Tuition Fees for each Unit of Study listed on the CAN.

**ASSESSMENT**

A candidate becomes eligible for assessment in a unit of study only when enrolled in that unit. Candidates will be considered as having entered for assessment in all units of study for which they have enrolled.

A student will be deemed to have enrolled for assessment in a unit of study unless such enrolment has been formally withdrawn by the specified date. Application for timely unit of study withdrawals must be made on the appropriate University form. Total withdrawal from a course of study must be approved by the Faculty, School or Department responsible for administration of the student’s course by the specified date.

All defined fee payments must be completed before any enrolment or assessment is validated and/or confirmed by the University. The enrolment of those students who do not complete payment within the required timeframe will be cancelled. Students are notified of an enrolment cancellation by mail. A student will only be reinstated to the course where authorisation from the Faculty or TAFE School’s Administration office has been obtained, a reinstatement fee and all outstanding fees have been paid.

When students enrol at the commencement of the academic year, a provisional enrolment for Semester Two is registered. It is important to note that the Faculty or TAFE School administering each course of study has the power to amend, restrict or cancel provisional semester enrolments.

All enrolled students are eligible for assessment in each of the units of study in which they are enrolled. In most units of study offered by the University there will be more than one assessment task or component of assessment during a teaching period.

examination period begins. It is your responsibility to check this
timetable for any clash, and to refer any clash enquiries to
examinations@vu.edu.au or telephone (03) 9919 4523.
You will not be given special consideration if you misread the
examination timetable and miss an examination, nor will you be
entitled to another examination.
No information about the examination timetable will be given by
telephone.

CONDUCT OF EXAMINATIONS
Enquiries about examinations may be directed by email to
examinations@vu.edu.au or to the Student Service Centre on your
campus.
Unless otherwise indicated on the published timetable, examination
sessions will normally commence at:
9.30am morning examination sessions
2.00pm afternoon examination sessions
6.00pm evening examination sessions
Students will be admitted to the examination room at those times and
given fifteen minutes at the commencement of the session for the
purpose of reading the paper. Any variation of this practice will be
notified to students in the printed timetable. As a rule, no writing,
ote making or marking of the paper in any way is permitted in this
reading time. A member of the academic or teaching staff will be
present at the beginning of each examination session at the
examination venues to answer any inquiries about the question
paper.
Before entering the examination room, students must ascertain their
individual seat numbers from lists posted on noticeboards at the
examination venues and web site www.myvu.vu.edu.au. Lists are
posted on the University website at least two weeks prior to the
commencement of examinations. Any student who has not been
allocated a seat number should report immediately to a Student
Service Centre before the commencement of the examination
session.
No student may enter the examination room more than half an hour
after the commencement of the session or leave the examination
room until half an hour after the commencement of the session or
during the last quarter of an hour of the session.
You may bring into the examination room: pens, ink, pencils, rulers,
erasers and mathematical instruments (see below for use of
calculators and electronic devices).
You may not bring into the examination room any book, paper or
other material that has not been specifically authorised for use at that
particular examination: if, during an examination, you are found to
be in possession of such material, you will be reported as having
breached examination rules and may face disciplinary action.
You are strongly advised not to bring to examinations any
unnecessary clothing, papers, books, bags, handbags, wallets,
folders, valuables or other personal items. You will not be permitted
to bring into the examination room any bag, handbag, folder, pencil
case, calculator case, pager or similar item. You are warned of the
possibility of theft. The University accepts no responsibility for loss of
damage to any item left outside of or brought into an examination
room.
You must bring your student identity card or other photographic
identification such as driver’s license or passport to each of your
examinations. Checks will be conducted in examination venues to
verify the student’s identity and any discrepancies will be dealt with
University Statutes.
Further information about the conduct of the examinations is given in
the Rules and Regulations published with the examination timetable
and on the University web site at: www.vu.edu.au/Services/
Examinations/Rules_and_Regulations/
ACADEMIC MISCONDUCT

Students should note that the University regards academic misconduct as a very serious matter. Students found guilty of academic misconduct could be excluded from the University. The period of exclusion will vary depending on the circumstances of individual cases.

The following are some of the actions which have resulted in students being found guilty of academic misconduct:

- taking unauthorised materials into an examination;
- submitting work for assessment knowing it to be the work of another person;
- improperly obtaining prior knowledge of an examination paper and using that knowledge in the examination;
- disobeying any reasonable instruction of a supervisor;
- directly or indirectly assisting other students or accepting assistance from any other person other than a supervisor.

Possible penalties if found guilty of academic misconduct are referred to in Statute 2.7 and include:

- a formal reprimand;
- forfeiture of the whole or part of any assessment in the unit of study to which the misconduct relates;
- the imposition of a fine of not more than $500;
- suspension or exclusion from the course in which the student is enrolled.

SPECIAL CONSIDERATION

Students may apply for special consideration if their work during a teaching period or examination or other assessment has been gravely affected by illness or other serious cause.

Application must be made no later than three days after the date of submission of the assessment for which special consideration is sought. Applications seeking an extension of time to complete a component of assessment should be made to the relevant School or Department. All other applications should be made to the relevant Faculty Manager concerned or to the TAFE Executive Officer.

Where students have been prevented by illness or other cause from making application within the three-day period they can make a late application setting out the reasons why the application could not be made earlier.

A successful application for special consideration may result in the student being allowed to undertake supplementary or further assessment.

Students will not be given special consideration for misreading the examination timetable.

STUDENTS WITH DISABILITIES – ALTERNATIVE ASSESSMENT ARRANGEMENTS

Students with an ongoing disability should immediately register with Disability Services in the Equity and Social Justice Branch of the University once enrolled in their course. Students with a temporary disability, which puts them at a disadvantage in written examinations, should advise the relevant Faculty Manager or the TAFE Executive Officer and also register with Disability Services at the beginning of the teaching period of study or immediately after their disability is known to discuss alternative arrangements for examinations.

Alternative assessment arrangements could include extra time, a separate room or use of adaptive equipment in examinations.

USE OF LINGUISTIC DICTIONARIES

Students may apply to use an English language dictionary in an examination during the first 2 years of enrolment in the University if:

- the student has regularly attended an approved program designed to improve their language skills.

These are general guidelines only and criteria may vary with individual unit of study assessment requirements. An Application to Use a Dictionary Form is available from campus Student Contact Centres and must be presented together with a registered dictionary. The concerned lecturer must then approve this form. After the completion of this process, students are required to bring this form along with the dictionary to the examination venue.

USE OF ELECTRONIC DICTIONARIES

The use of electronic dictionaries is not permitted.

USE OF COMPUTERS AND ELECTRONIC CALCULATORS

Faculties, Schools and teaching Departments are responsible for determining which materials will be allowable for use in examinations. Students should refer to individual unit of study guides for details about the use of calculators and electronic devices.

Generally, students will be allowed to bring into an examination room only pens, pencils and non-electronic mathematical instruments unless otherwise specified in the unit of study guide.

FURTHER ASSESSMENT

Before the results of assessment for any component of assessment are published, the examiners may administer a further component of assessment to resolve any doubts as to whether a student has reached the required standards, or about the grade to be awarded to the student.

This means it is vital that students ensure they can be easily contacted between the time a component of assessment is completed and results are published.

NOTIFICATION OF RESULTS

The final results for any unit of study will not be officially notified to students before the completion of assessment in that unit of study and their formal publication. No information regarding results will be given by telephone.

A further component of assessment – oral, written or practical – may be administered by the examiners in any unit of study at short notice and before the publication of results. Students should therefore ensure that they can be easily contacted until the publication of results.

REVIEW AND REPORTS

Students may apply to have an assessment of any work remarked or to be given a report on their assessed work. These applications may be subject to a fee.

Applications must be made to the Chairperson of the relevant Examination Board within seven days of the day upon which the results of assessment were published or become available for collection.

Students will be notified of the results of any review of their work.

COURSE ASSESSMENT AND GRADING

Special provisions are made on a course-by-course basis for students who encounter difficulties with academic progress. The provisions for Stage Completion and Faculty Passes detailed below should be read in conjunction with the course-specific progress regulations that appear in the Faculty Details of Courses.

STAGE COMPLETION

Some courses are formally divided into stages. These are identified in the details of courses.

Following final assessment in all units of study within a course semester, course year or other defined course stage, a student may receive a stage grading as follows:

• stage completed, all units of study passed;
• stage completed by compensation.

Stage completion by compensation will only be granted to a student who, though not passing all individual units of study, has aggregated grades above pass level and at a standard appropriate for progression to the subsequent course stage. Stage completion by compensation is not a pass in the unit of study and might not be recognised by all appropriate professional bodies.

Procedures for stage gradings in particular courses are as recommended by academic course departments or faculties and approved by the University.

MAXIMUM TIME FOR COMPLETION OF AWARDS

The policies set out below represent the basic rules relating to the granting of a University award. Additional rules or requirements set by the Faculty are included in the Faculty section of this Handbook.

PARTIALLY COMPLETED COURSES

Where a student enters a University course by transfer from incomplete studies at another institution, that student must complete at least the final full-time year (or equivalent) of the course to qualify for the University award. This applies to all courses that are longer than one year of equivalent full-time study in duration.

This means, for example, that a student entering a three-year course having previously completed over two years of a comparable award at another institution can receive, at a maximum, two years’ advanced standing in the Victoria University course.

COMPLETED COURSES – MAXIMUM ADVANCED STANDING

A student who has qualified for a VU degree or diploma must complete, at a minimum, the equivalent of at least one year’s full-time study in order to qualify for any subsequent University qualification at a comparable level.

MAXIMUM TIME FOR THE COMPLETION OF AWARDS

To be eligible for the award of a Degree, Diploma, Associate Diploma, Advanced Certificate or Certificate, a student is required to complete all course requirements within the course progression regulations within the University. maximum periods of time, unless such provision is specifically waived for that student by the University.

Maximum times for completion of awards are as follows:

• Certificate 5 years
• Advanced Certificate 5 years
• Associate Diploma* 8 years
• Undergraduate Diploma 10 years
• Undergraduate Degree of 3-years duration full-time 10 years
• Undergraduate Degree of 4-years duration full-time 10 years
• Graduate Diploma 6 years
• Graduate Certificate 3 years

*Including time taken to complete preliminary Advanced Certificate year where applicable.
The time periods are taken from the beginning of the first teaching period for which the student was enrolled in the course, until the completion of all course requirements, and may include time elapsed due to deferment, suspension or voluntary withdrawal from the course.

Note: The maximum completion times apply in the absence of specific course requirements. For specific courses, shorter maximum time periods can be specified, and where this is the case, the shorter time limit will apply.

**ACADEMIC PROGRESSION**

**UNSATISFACTORY PROGRESS**
The demand for tertiary study places exceeds the number of places available. Every year a considerable number of applicants fail to gain entry to the University. It is assumed that every person selected into an award course has the capacity to succeed. However, if students do not progress satisfactorily, they will be asked to show cause as to why they should be permitted to continue in the course. An important aim of the University is to assist its students to succeed. Therefore, students should make use of the free counselling services provided if they are encountering problems or difficulties that are affecting their studies. These difficulties could include problems in organising time, financial difficulties, personal problems or difficulties in writing and presenting assignments and essays.

On the recommendation of the relevant Faculty or School, the University may specify academic progression rules for each individual course. Students should carefully read the progression rules relating to their course of study as detailed in the relevant section of the Handbook or in course regulations.

A student who fails to make satisfactory progress in a course of study is liable for exclusion from that course. This applies where a student does not achieve a satisfactory performance on a component of assessment, fails to attend without good reason for the performance of a component of assessment, or does not perform a component of assessment. In these cases, the relevant Faculty, School or Department, after investigating the circumstances and allowing the student to be heard, either personally or through a representative, may notify the student in writing that he or she has made unsatisfactory progress in a unit of study.

In addition to notifying the student of unsatisfactory progress, the relevant Faculty or School may also notify the student that it intends to make a recommendation to the Academic Board or the Board of TAFE that the student be excluded or suspended from the course or only be allowed to continue under certain specified conditions. As a general policy, the following will form part of all award course progression regulations within the University.

Students may not:
- enrol in any sequential unit of study without having passed all prerequisite units of study; or
- enrol in any unit with a co-requisite unit of study without having either previously passed the co-requisite unit of study or enrolling simultaneously in the co-requisite unit of study.

In reaching its decision about what action should be recommended with respect to unsatisfactory progress by a student, the faculty or school may establish one or more committees to consider the circumstances and hear any submission that a student wishes to make.

After receiving a recommendation from a faculty or school, the Academic Board or the Board of TAFE, as appropriate, may exclude or suspend the student from a course.

Alternatively, the relevant Board may specify the conditions under which the student may continue in a course. Special arrangements will apply to doctoral students and students undertaking masters degrees by research who should seek advice on those arrangements from their supervisors.

Any student who is notified of unsatisfactory progress should seek assistance from Student Services staff or the Student Union at the earliest opportunity.

**DISCIPLINE**
The University will act to protect good order and the rights of individuals within its confines. To this end, a formal process will be followed to deal with any alleged breach of discipline or misconduct. The University operates within the provisions of a Statute dealing with discipline (Statute 4.1 — Discipline). A copy can be obtained from the Governance and Policy Branch, telephone (03) 9919 4022.

**PLAGIARISM**
Paragraph 11(3)(d) of the Schedule to Statute 6.3.1 — Assessment states that a student shall not, during or in connection with the performance of any component of assessment, submit or represent the whole or part of published or unpublished material, written or prepared by some person or persons other than that student, as being the work of that student.

Any student committing a breach of this rule shall be guilty of a disciplinary offence and all further proceedings will be conducted in accordance with Statute 4.1 — Discipline, and Statute 2.7 — The Discipline Committee.

**GRADUATION PROCEDURES**
This information relates to graduation from Certificate, Advanced Certificate, Associate Diploma, Diploma, Advanced Diploma, Bachelor, Graduate Certificate, Graduate Diploma, Masters and Doctoral awards of the University.

Upon satisfying all the requirements of an award course a student is regarded as a graduand and is eligible to become a graduate.

CREDIT POINTS
The credit point system provides a uniform basis for establishing unit of study relativities and values within a course. The objectives of the credit point system are to:
- simplify and standardise the relativities and values within a course in relation to EFTSL;
- provide a uniform measure of total student workload across all higher education programs; and
- allow students to make informed judgements on their likely workload in units of study across various disciplines.

WHAT IS A CREDIT POINT VALUE?
The value of a credit point is determined by the total student effort involved in the completion of a unit of study and includes private study hours, tutorial or laboratory work, library and research work together with formal class contact hours. The credit point value of a unit of study reflects its academic weight and the total amount of effort relative to other units of study within a course. There is no link between credit points and contact hours.

WHAT TYPE OF CREDIT POINT SYSTEM?
The University has introduced a standard course value system of credit points. This means that all courses within the higher education sector of the University will have the same number of credit points for each year of a course.

HOW MANY CREDIT POINTS?
The University has adopted from 2006 a system of 96 credit points for each year of a course. Thus a three-year degree program will equal 288 credit points, a four-year degree 384 credit points and so on.

HOW CAN I IDENTIFY MY ENROLMENT LOAD?
- 0–35 credit points per semester will equal a part-time load
- 36–48 credit points per semester will equal a full-time load

(Generally, Youth Allowance is for persons up to age 25, Austudy for students over 25). Abstudy is a payment for Aboriginal and Torres Strait Islander students. The Pensioner Education Supplement (PES) is an additional payment available to students on certain Centrelink payments.
Assistance is subject to a means test and to certain conditions, including a minimum study load. Part time students under 21 years of age should note there is a provision for the payment of Youth Allowance for the sum of other approved activities such as job seeking, volunteer work, or training in addition to part time study. Ask the financial advisor/counsellor or seek a Centrelink interview.
A student who is eligible and qualifies for assistance may receive a living allowance and under special circumstances a fares allowance and rental assistance. Students may also apply for a Centrelink Advance Loan – an amount of up to $500.00 advance on future instalments, recovered over six months; this can only be done once in a calendar year.
Claim forms for Centrelink student payments are available on Campus, at secondary schools and Centrelink offices. Students are advised to lodge their initial claim with the nearest Centrelink office as soon as they enrol or re-enrol. Payees continuing in their current course will not have to submit another claim, but should return the Review Form sent to them within the stipulated time. Note that there is no provision for back pay if a student is not currently receiving benefits. It is important that an application for Austudy/Youth Allowance/Abstudy be lodged as soon as possible.
