At Victoria University (VU), we will help you prepare for victory.

VU may be a young university, but we draw on a long, rich history. Our Centenary of Opportunity celebrates the students and staff, past and present, that have made Victoria University what it is today.

A full century on from opening our doors at Footscray Technical School in 1916, we provide outstanding educational opportunities for students from diverse countries, cultures, and backgrounds; and empower our students to grow their capabilities and transform their lives for the better, by enabling career aspirations, and building employability and entrepreneurship.

We are a university that is deeply connected with industry. We provide you with access to workplace learning opportunities that will give you real-world experience so you graduate job-ready.

By choosing to study with us, you can be assured of a friendly, supportive environment where our teachers will work alongside you to help achieve your goals.

Thank you for considering VU for your postgraduate studies.

I look forward to welcoming you at Victoria University in 2017.

---

100 Years of Education

2016 marks 100 years since Footscray Technical School first opened its doors. Since then, the institution has grown and evolved, establishing itself as an international university in 1990. We are proudly celebrating the role we’ve played in our community over the past 100 years, and excited about sharing our vision for the future as the University of Opportunity and Success.

We have organised a program of events for 2016 to mark this significant milestone. Come along and get a taste for VU life and our history at one of the many events across campuses and in the community. There are plenty to choose from, including lectures, sporting events and a special VU Homecoming. The program reflects the diversity of the VU community, and is a celebration of the remarkable achievements of our past and present students, educators, researchers and partners.

With over 100 years of experience in providing excellent opportunities to all our students and communities, today’s institution can help you find true success through high-quality teaching and flexible study options that suit your lifestyle.

By choosing VU for your study in 2017, you will become part of a long history of opportunity and success.

vu.edu.au/centenary
“My entire academic experience at VU was phenomenal and laid the foundation for my future success.”

“In my home country I had no freedom to pursue an education. VU was my chance to make a lifelong dream a reality, and I credit the VU community at large for playing a major role in helping me earn a masters degree. Every staff member was so welcoming and helpful, motivating me to do well.

VU attracts the most amazing students locally and from around the world. My entire academic experience at VU was phenomenal and laid the foundation for my future success.”

SAMUEL MANHOM
Bachelor of Accounting, Banking and Finance (now Bachelor of Business [Banking and Finance])
Master of Business (Finance)

Samuel Manhom spent 12 years in refugee camps before resettling in Australia. He worked by day and studied at night. He now works for the National Sterling Financial Group as an Accounts Officer, and volunteers with Rotary, helping to build a primary school in his former hometown of Rumbek, in South Sudan.
“I decided to further my studies by completing VU’s Master of Education because I ultimately want to be a principal. The curriculum was very relevant, and I’ve been able to apply theory to practice in my classroom. Professionally, I was in control of my own growth.

The flexible evening classes were held at Point Cook Secondary College, so it was easy for me to study after work.”

JANITTA LOUGHLIN
Bachelor of Education
Master of Education

POSTGRADUATE STUDY AT VU

Postgraduate study is undertaken after completing an undergraduate degree and/or equivalent work experience.

POSTGRADUATE COURSEWORK DEGREES

VU offers coursework degrees and research degrees. The three types of coursework degrees available are:

- Graduate certificate: builds on the skills and knowledge developed in your undergraduate degree, or develops new vocational skills. Applicants typically require a bachelor degree, advanced diploma or equivalent (work experience may also be taken into consideration).
- Graduate diploma: develops new knowledge and special skills in an area not previously studied. Applicants typically require a bachelor degree or diploma (exceptions may apply where appropriate work experience can be demonstrated).
- Masters degree by coursework: enhances your professional skills and understanding in a specific area. You will receive additional support and guidance in tutorials, from tutors and other students. Applicants normally require a bachelor degree, honours degree or graduate diploma.

See the following page for information on research degrees.

COURSES PATHWAYS

Many of our postgraduate programs offer a pathway or full transition between courses. For example, a graduate certificate may provide one semester’s credit towards a particular graduate diploma, which, in turn, may provide two semester’s credit towards a particular masters degree by coursework.

However, you usually don’t need to undertake a graduate certificate, for example, before undertaking a graduate diploma or masters. Additionally, if you need a masters course and decide to not enrol, you may still graduate with a lesser qualification in the same discipline, such as a graduate certificate or graduate diploma. This may depend on how many units of study you have successfully completed. If you choose to resume your masters studies at a later date, you can. It’s your choice.

RESEARCH EXCELLENCE

VU received impressive ratings in the 2015 Excellence in Research for Australia (ERA) assessment, with many of our research focus areas achieving a ranking of world-standard or above. ERA is the major research quality assessment exercise for Australian universities.

In 2015, VU received:

- the highest rating of 5 (well above world standard) in Electrical and Electronic Engineering, Human Movement and Sports Science, and Nursing
- a rating of 4 (above world standard) in Mathematical Sciences, Applied Mathematics, Engineering and Mechanical Engineering

RESEARCH INSTITUTES & CENTRES

The VU research institutes and centres listed below provide unique opportunities for cross-disciplinary research and knowledge exchange:

- Institute of Sport, Exercise and Active Living (ISEAL)
- Institute for Supply Chain and Logistics (ISCL)
- The Victorian Institute of Strategic Economic Studies (ViSESS)
- Mitchell Institute at Victoria University
- Centre for Applied Informatics (CAI)

Our researchers enjoy international reputations for excellence. They conduct research that is locally relevant and globally significant, through an extensive network of partnerships and collaborations.

VU aims to be recognised for applied and translational research that has an impact on industry and community, particularly across the following four interdisciplinary themes:

- Sport, Health and Active Living
- Education, Lifelong Learning and Workforce Development
- Sustainable Industries and Liveable Cities
- Policy Studies.

These themes build on areas of existing research strength. Their interdisciplinary nature means the University will produce robust research outcomes that have positive real-world impact.

VU provides quality research training, and undertakes specialised and cross-disciplinary research. We aim to make change through practical and applied outcomes that can be used by business, industry and the community.

INDUSTRY CONNECTIONS

INDUSTRY-RELEVANT CURRICULUM

Employers value our graduates because they learn from industry-relevant curriculum, giving them real-life experience. Our industry partnerships provide valuable insights into current industry practices, allowing us to develop our courses to meet industry’s current and future needs. This ensures we provide students with the most meaningful, relevant and up-to-date education.

By studying at VU, you graduate with the knowledge and skills that employers need and are looking for.

STUDENT WORKPLACE LEARNING

Postgraduate students have many opportunities to undertake workplace learning. Each workplace learning program is structured around what the student wants to achieve. It is an invaluable means of allowing a student to experience how their studies are applied in the workplace.

KEY PARTNER INDUSTRIES

We have prioritised 10 key industries to both broaden and consolidate our industry partnerships. Each industry was chosen because of its potential for growth and its alignment to courses that we offer. The 10 industries are:

- sport and recreation
- health services
- creative industries
- community services
- financial services
- built environment
- education services
- legal services
- supply chain and logistics
- tourism and major events

WESTERN BULLDOGS

Our partnership with the Western Bulldogs is unique among Australian universities and sporting clubs. It is one based on a shared commitment to sport, recreation, and the economic and social wellbeing of residents in Melbourne’s west. Benefits include joint research and staff appointments, work placements for students, collaborative education programs, and joint community activities. The Bulldogs’ training ground – Victoria University Whitten Oval – is a venue for student placements and postgraduate research.

CITY WEST WATER

City West Water and VU are engaged in a number of partnerships and agreements. These include a partnership to promote research collaboration in the areas of water and sustainability, and investigation into PH Neutralisation Sails, their chemistry and their use in industry. A number of VU academics and research students’ projects are funded by City West Water.

MALTHOUSE THEATRE

Our longstanding partnership with Malthouse Theatre is built on a shared vision to celebrate excellence, opportunity, community and empowerment in the arts. An official Premier Education Partner, VU students and staff have opportunities to engage with the theatre’s artistic program.

WORLD HEALTH ORGANISATION

VU works with the World Health Organisation on research that addresses disease prevention and management, and health investment that has a positive impact on global health and economic issues.

SPORTS PARTNERSHIPS & COLLABORATIONS

VU actively supports and participates in knowledge exchange (including applied research) with many sports bodies, including:

- the Australian Sports Commission
- the Australian Institute of Sport
- Netball Victoria
- Western Bulldogs

WESTERN HEALTH

Our collaboration with Western Health includes student clinical placements and work-based education programs. The Western Centre for Health Research and Education, the first purpose-built research and training facility for medicine and the health sciences in Melbourne’s west, is a three-way partnership between Victoria University, Western Health and the University of Melbourne.

COMMUNITY ENGAGEMENT

The west of Melbourne is Australia’s fastest growing region and VU’s heartland. Our community engagement includes improvements to physical infrastructure, and helping to develop and grow the capacity of community groups. VU has significant experience working with culturally and linguistically diverse (CALD) and Indigenous communities, addressing refugee issues, tackling diversity and social inclusion issues, and improving health and social wellbeing in the region.

We have also partnered with local, government and community organisations to establish Footscray University Town, a 10-year urban renewal program for Footscray.

PROFESSIONAL ACCREDITATION

Many of our courses are accredited by peak bodies and professional organisations. These bodies are identified in our course listings. Accreditation means your qualification delivers the skills employers are looking for and will be recognised by industry. Accreditations by peak bodies include:

- Australian Osteopathic Accreditation Council
- Australian Children’s Education and Care Quality Authority
- Australian Computer Society
- Australian Psychological Accreditation Council
- CPA Australia
- Exercise and Sports Science Australia
- Institute of Chartered Accountants Australia
- Victorian Institute of Teaching.
INDUSTRY PROFESSIONALS

TAPPING INTO INDUSTRY INSIGHTS

The high standard of our teaching, curriculum and research is complemented by the industry focus and connections that our highly regarded adjunct professors bring to VU. With years of experience in their fields, they deliver guest lectures, provide industry insights and assist with curriculum development.

THE HONOURABLE CRAIG EMERSON
Former Federal Government minister The Hon. Dr Craig Emerson provides advice and expertise to the College of Business, and delivers guest lectures. A high-profile economist, Dr Emerson holds various portfolios, including Minister for Trade and Competitiveness.

THE HONOURABLE NICOLA ROXON
Australia’s first female Attorney-General The Hon. Nicola Roxon is the Advisory Board Chair of VU’s Sir Zelman Cowen Centre, which conducts industry-related courses, consultancy and research in the legal profession.

THE HONOURABLE MICHAEL KIRBY
The Hon. Michael Kirby is a former Justice of the High Court of Australia, and remains an active human rights advocate. He shares with students his high Court experience and passion for human rights, and inspires law students from all walks of life.

ALAN KOHLER
As one of Australia’s most experienced financial journalists, Alan Kohler contributes to our business curriculum, and promotes the value of financial literacy – which is critical for small, medium and large businesses.

IAN JAMES
Managing Director of Mushroom Music Publishing, Ian James is one of Australia’s most respected music industry identities and has contributed significantly to VU’s music industry business courses.

DIANNE SMITH
Currently General Regional Manager (Acting) with Tourism Victoria, Dianne’s substantive role is Chief Executive of Victorian Tourism Industry Council. She has over 20 years’ experience in marketing, visitor services, policy and strategy positions, and leads a network of industry professionals mentoring students through workshops and presentations.

“...I chose VU because of its links to professional sporting organisations, outstanding research facilities and well-respected staff. My supervisor was one my first teachers during my undergraduate degree.

The strong partnership between VU and the Western Bulldogs has definitely helped my career. Whilst completing my PhD, I worked as strength and conditioning coach with VFL team, the Footscray Bulldogs and was recently appointed Physical Performance Manager at the Western Bulldogs in the AFL.

At VU, students are offered placements at elite sporting teams, elite athletes are supported with flexible study, and sporting clubs get access to facilities and the latest research.”

MAT INNESS
Bachelor of Fitness Leadership
Doctor of Philosophy

Victoria University

Postgraduate Course Guide
FINANCIAL SUPPORT

VU has a well-earned reputation for accessibility, and we pride ourselves on the affordability of our courses.

Like other universities and tertiary education providers, we determine our own tuition fees. Our degrees are high quality and better value than other tertiary education providers.

HOW MUCH WILL MY COURSE COST?

POSTGRADUATE COURSEWORK STUDENT FEES

VU does not receive government funding for most postgraduate coursework student places, and students pay the full cost of their course. Course fees are based on the units studied, rather than a fixed price for each course. Different units have different costs.

Postgraduate course fees are payable before each semester. Australian citizens and humanitarian visa holders can apply to defer paying their fees through the Australian Government’s loan program, FEE-HELP.

Students can choose to use a FEE-HELP loan to cover all or part of their tuition fees. Students repay their loan by instalments through the Australian Taxation Office where they earn above a specific yearly income (in 2015–2016, the yearly income was $54,126 or above).

For information on FEE-HELP: studyassist.gov.au

COMMONWEALTH SUPPORTED PLACES

A small number of VU’s postgraduate courses are subsidised by the Australian Government as a Commonwealth supported place (CSP), where the government pays part of the course fee and the remainder is paid by the student through the HECS–HELP scheme. Note that where no CSP is available, the government provides FEE-HELP.

For information on CSP and HECS–HELP: studyassist.gov.au

POSTGRADUATE RESEARCH STUDENT FEES

Students undertaking research degrees, who are Australian citizens, permanent residents or New Zealand citizens may be eligible for Commonwealth Government-funded Research Training Scheme (RTS) places. There are no tuition fees for these places but students are required to pay the Student Services and Amenities Fee. New Zealand citizens and permanent residents whose study is funded through the RTS must reside in Australia for the duration of their course of study. Australian citizens who undertake the study offshore are required to undertake part of their studies onshore.

Students ineligible for an RTS place can undertake the course as a full-fee paying student and, if eligible, defer their fees through FEE-HELP.

For information on RTS and FEE-HELP: studyassist.gov.au

The following table lists the approximate average fees for some of our most popular postgraduate coursework courses in 2016.

We know that financial demands can be one of the main barriers to undertaking further study.

VU helps by offering a range of postgraduate research scholarships, as well as free financial advice about government assistance, budgeting and student loans.

FINANCIAL ADVICE

We offer free financial advice from professional, trained staff to help manage study-related and living costs. Information about tax, government assistance, debt, household expenses, budgeting, financial planning and student loans is also available.

vu.edu.au/financial-advice

ASSISTANCE WITH FEES

Most postgraduate coursework courses are full-fee paying by the student, however a small number of courses are subsidised by the Australian Government as CSPs.

vu.edu.au/graduate-research-scholarships

researchscholarships@vu.edu.au

03 9919 4955

Find out more about our range of scholarships at vu.edu.au/scholarships.

RESEARCH SCHOLARSHIPS

We offer many living stipend scholarship programs to reduce the living costs for postgraduate research students while they are studying. Scholarships are awarded on the basis of merit with preference given to students undertaking projects in one of our areas of research strength. Find out more about our research focus areas on page 7.
“I emerged from the experience so much more confident in myself and in my ability to pursue opportunities relating to my passion: writing.”

Completing my PhD has been the most profound experience of my life. I was so beautifully supported and nurtured by my supervisors, the school and the institution throughout my study that I emerged from the experience so much more confident in myself and in my ability to pursue opportunities relating to my passion: writing.

The novel I wrote as part of my PhD project was picked up for publication not long after I completed the PhD. Anchor Point was published in early 2015 and I recently signed a contract for my second novel.

VU changed my life and set me on a professional path I could have previously only dreamed about.

ALICE ROBINSON
Doctor of Philosophy

Alice’s debut novel, Anchor Point, was longlisted for the 2016 Stella Prize.
## Course/Course Code

### Overview

#### GRADUATE DIPLOMA IN PUBLIC RELATIONS - AGCR

- **Overview:** Develop the skills and knowledge you need to advance your career in the public relations field, including professional research capabilities in digital, campaign and organisational contexts. This course harnesses public relations practice, research and evaluation, ethics, campaign management, and a variety of case studies.

- **Mode of Study:** Undergraduate degree, or equivalent combination of education and relevant work experience.

- **Admission:** A range of roles in organisations and consultancies, designing and managing campaigns, managing media engagements, creating documents and online material, providing strategic advice on internal communication advice and policy, and managing in-house communications.

- **Duration:** 1 year

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AGCR](http://vu.edu.au/courses/AGCR)

#### GRADUATE CERTIFICATE IN PROFESSIONAL ENGLISH COMMUNICATION - JEEC

- **Overview:** Designed for non-native English speakers, this course is tailored to meet student need. It complements and augments existing professional communication skills through an introduction to the English-language professional employment market. The course aims to enhance professional competencies and qualities through high-level studies of professional English and an internship.

- **Mode of Study:** Undergraduate degree or higher.

- **Admission:** Admission to further postgraduate studies, or professional positions where English is the primary language for business communications. Note: for non-native English speakers.

- **Duration:** 5 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/JEEC](http://vu.edu.au/courses/JEEC)

#### GRADUATE DIPLOMA IN COMMUNICATION - AGCN

- **Overview:** Develop the skills needed to work locally or internationally in professional writing, public relations and digital media. Graduates will understand the contemporary context of the communication profession across various commercial, social and community sectors.

- **Mode of Study:** Undergraduate degree or higher.

- **Admission:** Admission to further postgraduate studies, or professional positions where English is the primary language for business communications. Note: for non-native English speakers.

- **Duration:** 1 year

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AGCN](http://vu.edu.au/courses/AGCN)

#### GRADUATE DIPLOMA OF COMMUNICATION - JACM

- **Overview:** Develop skills in cross cultural and international communications, company communication, public relations and digital media. This course combines knowledge and skill development for professional communicators, or those seeking to enter this field. Course delivery includes campus-based and online components to facilitate study options, along with learning and support through the School.

- **Mode of Study:** Relevant undergraduate degree, or equivalent combination of education and relevant work experience.

- **Admission:** Relevant undergraduate degree, or equivalent combination of education and relevant work experience.

- **Duration:** 2 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/JACM](http://vu.edu.au/courses/JACM)

### Counselling and Psychology

#### GRADUATE DIPLOMA IN COUNSELLING - AGDF

- **Overview:** Improve your career options in the professional world, public relations and digital media, and become a voice in the communications industry. This course has a strong focus on media relations, digital and social media, and on ethical issues, critiques, and the skills and practices of public relations and communication professionals.

- **Mode of Study:** Undergraduate degree or higher.

- **Admission:** Undergraduate degree or higher.

- **Duration:** 2 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AGDF](http://vu.edu.au/courses/AGDF)

#### GRADUATE DIPLOMA IN PSYCHOLOGY - AGPS

- **Overview:** Pursue an advanced level of theoretical study and focus on one of three areas: organisational psychology, community psychology or health psychology. You will develop skills in critical analysis and independent research in psychology, preparing you for postgraduate research or professional careers. Graduates are eligible to become practising psychologists with the Victorian Psychologists' Registration Board.

- **Mode of Study:** Undergraduate degree with an APAC-accredited specialisation in Psychology for an honours degree. Relevant experience is either private or public sector organisational, or an administration role.

- **Admission:** Applicants may be interviewed and required to provide academic letters of recommendation.

- **Duration:** 2 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AGPS](http://vu.edu.au/courses/AGPS)

#### MASTER OF APPLIED PSYCHOLOGY (COMMUNITY PSYCHOLOGY) - AMPC

- **Overview:** Pursue a course in a community psychology in an exciting learning environment. This program is founded upon the scientific-practitioner model of professional training, as well as facilitating a close synergy of theory to all aspects of research, research and practice. Graduating students will have completed 1000 hours of supervision and practical placement experience.

- **Mode of Study:** Relevant undergraduate degree with an APAC-accredited specialisation in Psychology for an honours degree. Relevant experience is either private or public sector organisational, or an administration role.

- **Admission:** Relevant undergraduate degree with an APAC-accredited specialisation in Psychology for an honours degree. Relevant experience is either private or public sector organisational, or an administration role.

- **Duration:** 2 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AMPC](http://vu.edu.au/courses/AMPC)

#### MASTER OF COUNSELLING - AMPC

- **Overview:** Expand your expertise in counselling and theory practice. This course focuses on psychological theory relevant to your workplace and interests, counselling interventions and psychological therapies, and practical skills through industry-based learning and placement. You can specialise in either the MAM’s stream in the “Child and Adolescent” stream.

- **Mode of Study:** Undergraduate degree in any discipline, or significant professional experience.

- **Admission:** Undergraduate degree in any discipline, or significant professional experience.

- **Duration:** 2 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AMPC](http://vu.edu.au/courses/AMPC)

#### MASTER OF PSYCHOLOGY (CLINICAL PSYCHOLOGY) - AMPL

- **Overview:** Become a professional clinical psychologist working with children, adolescents and adults. Students will develop a focus on one of four specialisations: clinical psychology; clinical supervision and consultation; leadership and management; or research. This program has a strong emphasis on psychological perspectives. Graduates qualify for registration as a psychologist in Victoria.

- **Mode of Study:** Bachelor's degree in Psychology or equivalent from an APAC-accredited University.

- **Admission:** Bachelor's degree in Psychology or equivalent from an APAC-accredited University.

- **Duration:** 3 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/AMPL](http://vu.edu.au/courses/AMPL)

#### DOCTOR OF PHILOSOPHY (PSYCHOLOGY) - UPAP

- **Overview:** Conduct original research in an area of personal interest and benefited significantly to the University, industry and the community, with the assistance of an experienced research supervisor. You will also learn to effectively communicate through the presentation and defence of your research in a wide variety of contexts.

- **Mode of Study:** Masters degree, or two year undergraduate degree with honours or equivalent in a high-structure.

- **Admission:** Masters degree, or two year undergraduate degree with honours or equivalent in a high-structure.

- **Duration:** 4 years

- **Campus:** Online

- **Website:** [vu.edu.au/courses/UPAP](http://vu.edu.au/courses/UPAP)

OVERVIEW

PREREQUISITES

CAREER OUTCOMES

CREATIVE ARTS

DOCTOR OF PHILOSOPHY (CREATIVE ARTS) - DFAC

4 years

Master's degree or relevant professional experience.
“I chose VU both for its recognition in the logistics industry and also because the course structure was flexible and offered classes at night.”

“I first began studying at VU with a Diploma of Logistics while working full time as a Warehouse Manager for Austpaper Pty Ltd. I chose VU both for its recognition in the logistics industry and also because the course structure was flexible and offered classes at night, which suited my work hours. Once I completed my diploma I applied to do a bachelor degree, but was directed straight to the master due to my high marks and more than seven years’ industry experience. The Master of Business (Supply Chain Management) has opened many doors of opportunity for me and I’ve recently moved into a new role as the National Logistics Manager for Position Partners. My career success comes from a combination of work experience in the field and formal education from a reputable institution like VU.”

BART PHAOHNVONG
TL02451 - Diploma of Logistics
Master of Business (Supply Chain Management)

VICTORIA GRADUATE SCHOOL OF BUSINESS

All postgraduate coursework business courses are offered through the Victoria Graduate School of Business (VGSB). Located in the heart of Melbourne’s business district, we offer the flexibility and conveniences to make postgraduate study work for you.

VGSB courses are affordable and globally recognised for their high quality. We are dedicated to encouraging your educational and career aspirations, and will help you lay the foundations for a successful future in business.

Along with expert academics and researchers, we have a number of respected adjunct professors, such as financial journalist Alan Kohler, former federal minister Dr Craig Emerson and Victorian Tourism Industry Council Chief Executive, Dianne Smith.

vu.edu.au/vgsb

INTERNATIONAL OUTLOOK

VU values cultural diversity and offers enriched learning experiences through global insights. Partner universities in Singapore and Malaysia provide the chance for you to take your study overseas so you will come away from your degree with an invaluable global network of peers.

INDUSTRY CONNECTIONS

Our strong industry relationships help inform our curriculum and provide opportunities for students to be kept abreast of current trends and the changing business landscape. This knowledge, along with networking opportunities and real-life experiences, will prepare you to excel in your chosen field.

SUPPORTIVE STAFF

Relationships between our teaching staff and students focus on mutual respect, and acknowledging students as professionals who want to extend their business skills and be challenged. Our teaching staff have an “open door” policy and encourage students to approach them for additional assistance whenever necessary.

PRIME LOCATION

Postgraduate business courses are taught at our City Flinders Campus, conveniently located opposite Melbourne’s Flinders Street Station. We have a commitment to forging strong relationships with the business community to provide highly relevant, practical and hands-on courses.

FIND OUT MORE ABOUT OUR COURSES
vu.edu.au/vgsb

VU offers suites of postgraduate business courses in:

• accounting
• finance
• business administration
• business analytics
• enterprise resource planning
• human resource management and industrial relations

We have an extensive network of high profile business partnerships and overseas exchange opportunities. Through these, and our mix of students from around the world, you can grow a national and global network, and expand your career opportunities.

Our course curriculum is widely recognised for quality and relevance to business industry needs. Our MBA has been ranked in Australia’s top three by CEO Magazine for three consecutive years, for its excellent lecturers, small class sizes, student diversity, value for money and international study options. The Australian Financial Review’s BOSS magazine ranked our MBA in Australia’s top 10, and number two in Victoria. VU is also a three-time winner of the Australian Tourism Award for excellence in tourism education and training.
“What makes VU stand out for me is the industry work experience. VU students study the theory and then have the opportunity to work in the industry, which definitely allows them to realise their full potential. The MCEC has a few employees that have studied at VU, which is fantastic. They are passionate and driven people whilst being hard working.”

BROOKE DOUGHTY
Senior Sales Manager, Melbourne Convention and Exhibition Centre  
Bachelor of Business in Tourism Management

**ACCOUNTING AND FINANCE**

**GRADUATE DIPLOMA IN PROFESSIONAL ACCOUNTING - BGAP**  
DURATION: 3 years  
CAREER OUTCOMES: General accountant, taxation accountant, management accountant.  
RELEVANT UNDERGRADUATE DEGREE: At least three years of relevant professional experience.

**GRADUATE DIPLOMA OF BUSINESS (ACCOUNTING) - BGBI**  
DURATION: 2 years  
RELEVANT UNDERGRADUATE DEGREE: At least three years of relevant professional experience.

**GRADUATE DIPLOMA OF BUSINESS (FINANCE) - BGBF**  
DURATION: 2 years  
RELEVANT UNDERGRADUATE DEGREE: At least three years of relevant professional experience.

**GRADUATE DIPLOMA OF BUSINESS (ANALYTICS) - BGBA**  
DURATION: 2 years  
RELEVANT UNDERGRADUATE DEGREE: At least three years of relevant professional experience.

**GRADUATE DIPLOMA IN PROFESSIONAL ACCOUNTING - BGBI**  
DURATION: 0.5 years  
CAREER OUTCOMES: Relevant undergraduate degree, at least three years of relevant professional experience.  
PRE-REQUISITES: Graduate Diploma of Business Accounting is professionally recognised with accreditation from CPA Australia.

---

**ERP AND INFORMATION SYSTEMS**

**GRADUATE CERTIFICATE IN ENTERPRISE RESOURCE PLANNING SYSTEMS - BTEG**  
DURATION: 0.5 years  
CAREER OUTCOMES: Business analyst, ERP roles, SAP roles.  
PRE-REQUISITES: Relevant undergraduate degree.

**GRADUATE DIPLOMA OF BUSINESS (ENTERPRISE RESOURCE PLANNING SYSTEMS) - BGEP**  
DURATION: 2 years  
RELEVANT UNDERGRADUATE DEGREE: Relevant degree in a cognate discipline, or a different field plus graduate certificate in accounting, commerce or business studies.

**MBA OF BUSINESS (ENTERPRISE RESOURCE PLANNING SYSTEMS) - BMES**  
DURATION: 2 years  
RELEVANT UNDERGRADUATE DEGREE: Undergraduate accounting degree.  
CAREER OUTCOMES: Senior Sales Manager, management accountant.

**GRADUATE DIPLOMA OF BUSINESS ANALYTICS - BGBI**  
DURATION: 1 year  
CAREER OUTCOMES: Undergraduate degree, or graduate certificate or graduate diploma, and at least three years of relevant professional experience.

---

**MASTER OF BUSINESS (ACCOUNTING) - BMAC**  
DURATION: 2 years  
RELEVANT UNDERGRADUATE DEGREE: Undergraduate degree, or graduate certificate or graduate diploma, and at least three years of relevant professional experience.

---

**MASTER OF BUSINESS (FINANCE) - BMFN**  
DURATION: 2 years  
CAREER OUTCOMES: Senior Sales Manager, management accountant.

---

**MASTER OF BUSINESS (FINANCE) (ECONOMIC) - BMFE**  
DURATION: 4 years  
CAREER OUTCOMES: Senior Sales Manager, management accountant.

---

**DOCTOR OF PHILOSOPHY (ECONOMICS) - BDMF**  
DURATION: 4 years  
CAREER OUTCOMES: Senior Sales Manager, management accountant.

---

“VU offers a lot of hands-on practical experience in the teaching profession. I’ve been able to build my professional networks.”

“I began my study at VU with a Diploma of Early Childhood Education and Care and proceeded to a Bachelor of Education (Early Childhood/Primary), which took me to where I am today.

I’m currently studying a Master of Education part-time through night classes. This opportunity through VU gives me flexibility and allows me to work during the day at the same time. VU also offers a lot of hands-on practical experience in the teaching profession. I’ve been able to build my professional networks.

I’m currently working at VU, teaching the Diploma of Early Childhood Education and Care. My end goal is to go back and teach other adult learners who are studying each of the pathway courses I have taken myself. My advice to students is to dream big and go for it!”

EDUCATION

CAREER OUTCOMES

EDUCATION

EARLY CHILDHOOD, PRIMARY, SECONDARY TEACHING, LEADERSHIP

GRADUATE CERTIFICATE IN EDUCATION - ETCG
Undergraduate degree, or equivalent, and relevant work and/ or community experience as approved by the University.

GRADUATE DIPLOMA IN EDUCATION - EGED
Undergraduate degree, or equivalent, and relevant work and/ or community experience as approved by the University.

MASTER OF TEACHING (PRIMARY)
Undergraduate degree or equivalent diploma.

MASTER OF TEACHING (SECONDARY - EMED)
Undergraduate degree, or equivalent, which includes the prerequisite studies for the chosen teaching methods. This generally involves completion of at least one sub-major in that subject area, except in the case of EMTS, which requires completion of a major.

MASTER OF TEACHING (EARLY CHILDHOOD) - EMTC
Undergraduate degree and equivalent diploma.

MASTER OF EDUCATION - HRED
Undergraduate degree completed at a high standard, or equivalent professional qualification or competencies.

DOCTOR OF EDUCATION - HZED
Undergraduate degree completed at a high standard, or equivalent professional qualification or competencies.

DOCTOR OF PHILOSOPHY (EDUCATION) - UPEE
Undergraduate degree, or a four-year undergraduate degree with honours in its equivalent at a high standard.

CAMPUS: - FOOTSCRAY PARK, VIC
CAMPUS: - ST ALBANS
CAMPUS: - CITY QUEEN, VIC

GRADUATE DIPLOMA IN EDUCATION - EGED
Graduate in education or teaching or a related discipline.

MASTER OF TEACHING (PRIMARY)
Graduate in education or teaching or a related discipline.

MASTER OF TEACHING (SECONDARY - EMED)
The Master of Teaching (Secondary) is a two-year full-time postgraduate program designed to prepare students for registration as secondary teachers. This course involves significant learning in the workplace through partnerships and prepares for teaching in a wide range of disciplines, including business, English, history, mathematics, physical education, science and technology.

MASTER OF TEACHING (EARLY CHILDHOOD) - EMTC
Become an expert practitioner in early childhood services. This course has a strong emphasis on monitoring and support for pre-service teachers. You will develop a broad knowledge and understanding of teaching and learning practices in early childhood education, and undertake extensive teaching practice in early childhood services.

MASTER OF EDUCATION - HRED
Build on your expertise in an area for studying the latest theory and research in education. This flexible coursework program has a particular focus on, and commitment to, social justice, sustainability and ethical action. It is designed to meet the needs of professionals and those seeking educational leadership in a range of educational settings.

DOCTOR OF EDUCATION - HZED
Conducts original research in an area of personal interest and broader significance to the University, industry and the community, with the minimum of an experienced researcher supervisory team. You will also have the opportunity to communicate through the presentation and defence of your research in a wide variety of contexts.

DOCTOR OF PHILOSOPHY (EDUCATION) - UPEE
Conduct original research in an area of personal interest and broader significance to the University, industry and the community, with the minimum of an experienced researcher supervisory team. You will also have the opportunity to communicate through the presentation and defence of your research in a wide variety of contexts.

MASTER OF TEACHING (EARLY CHILDHOOD) - EMTC
Conducts original research in an area of personal interest and broader significance to the University, industry and the community, with the minimum of an experienced researcher supervisory team. You will also have the opportunity to communicate through the presentation and defence of your research in a wide variety of contexts.

DOCTOR OF PHILOSOPHY (EDUCATION) - UPEE
Conduct original research in an area of personal interest and broader significance to the University, industry and the community, with the minimum of an experienced researcher supervisory team. You will also have the opportunity to communicate through the presentation and defence of your research in a wide variety of contexts.

DOCTOR OF PHILOSOPHY (EDUCATION) - UPEE

“The experience and expertise of VU’s lecturers is a reflection of the program. We meet industry professionals and learn from real-life examples.”

NOUSHIN ISLAM
Master of Project Management

In 2014 I received an Australian Institute of Project Management (AIPM) academic excellence award based on my academic achievement in the Master of Project Management program. This achievement gave me more encouragement and motivation for successful completion of this degree to become a high calibre and successful project manager.

ENGINEERING AND SCIENCE

VU offers postgraduate engineering and science courses in:

- project management
- engineering
- information technology
- science.

Courses provide industry-focused technical and management specialisations with a range of durations, to fit with your existing commitments.

Our researchers collaborate with industry, business, non-profit organisations and the community, in Australia and overseas. Liaise with experts in your field and access the most up-to-date knowledge and facilities.

Partners include Engineers Australia, the CSIRO, Melbourne Water, VicRoads, Fosters, Clariant, Racing Analytical Services, Modern Olives Laboratories, the National Measurement Institute, the Bushfire and Natural Hazards CRC, and the Department of Environment, Land, Water and Planning.

INSTITUTE FOR SUSTAINABILITY AND INNOVATION

The Institute for Sustainability and Innovation provides innovative and sustainable technologies for industry and the community, especially in water treatment and resource management. It also conducts research into the environment, smart and alternative energy, and packaging.

FIRE RESEARCH FACILITIES

VU’s fire safety engineering program is one of only two delivered in Australia. We are the only Australian university to comprehensively teach and apply a probabilistic risk analysis approach in fire safety design.

Our Centre for Environmental Safety and Risk Engineering (CESARE) offers research and testing opportunities for applications in fire safety engineering. Our range of fire research facilities are among the most sophisticated in Australia and include:

- a four-storey scale building model
- fire test furnaces
- cone calorimeter
- 3MW calorimeter and ISO room
- high-pressure water mist system
- firebrand generator for ember dispersion.

FIND OUT MORE ABOUT OUR COURSES vu.edu.au/engineering-science
COURSE/CODE OVERVIEW PREREQUISITES CAREER OUTCOMES
ENGINEERING AND PROJECT MANAGEMENT
MASTER OF ENGINEERING - NMEN DURATION: 4 years CAMPUS: FP & SA - FOOTSCRAY PARK, VIC
Develop your knowledge and gain practical skills in areas of engineering. You will undertake workplace experience in two or more disciplines.
Undergraduate degree in engineering, science or equivalent. Degree in science or equivalent.
Postgraduate careers in areas of engineering, telecommunications and project management. Related fields include: building design, construction, IT training, IT project management, project administration, data mining, sensor networks, project management, IT training, IT project management and business intelligence.

PREREQUISITES

DOCTOR OF PHILOSOPHY (ENGINEERING) - UPME DURATION: 4 years CAMPUS: FP
Conduct original research in an area of personal interest and broader significance to the University, industry and the community, with the assistance of an experienced research supervisor. You will also learn to effectively communicate through the presentation and defence of your research in a variety of contexts.
Relevant masters degree, or relevant four-year undergraduate degree with honours, or equivalent, at a high standard.
Postgraduate careers in areas of research and development. Related fields include: research, academic and research focused positions in relevant fields of study.

"I would definitely recommend VU, as it offers everyone a chance in a supportive and friendly environment."

"After being an at-home mother for several years, I was faced with the choice of returning to an outdated nursing career, or taking a risk to make a complete career change. I opted for the latter.

I am so glad I made the choice to return to study. It has been challenging to juggle all my roles but I hope to inspire my children to have dreams, set goals and not be discouraged by age, circumstances or adversity.

My success is a direct result of the opportunity I was given to study at Victoria University. I would definitely recommend VU as it offers everyone a chance in a supportive and friendly environment. I hope to continue research work within the area of cancer, with the ultimate goal that the research makes a difference in someone’s life."

CHARLETT GIULIANI
Bachelor of Science (Honours)
(Biomedical Science)
Doctor of Philosophy

HEALTH & BIOMEDICINE

VU offers health and biomedicine postgraduate courses in:

- nursing
- public health
- osteopathy.

Our programs are taught by expert academic staff who are leaders in the field of health, and held in high regard around Australia and the world. You will graduate with the latest in innovative skills and knowledge, relevant to today’s health industry.

You will learn in high-tech laboratories, and real-world clinical settings, giving you the practical edge.

We are proud of our strong partnerships with local and global health agencies, and research institutes, including Western Health, the Australian Spinal Research Foundation, the Baker IDI Heart and Diabetes Institute, beyondblue, the National Institute of Integrative Medicine, and Werribee Mercy Hospital.

HEALTH & BIOMEDICINE
RESEARCH FOCUS

VU researchers and graduate students in health and biomedical sciences focus on exploring important issues affecting the health of individuals and the community. They specialise in:

- molecular and nutritional physiology and pharmacology
- diabetes, cardiovascular disease, obesity and nutritional interventions
- cancer
- neuro and muscle conditions
- chronic inflammatory disorders
- cancer
- chronic disease policy and advocacy
- public health and health promotion
- mental health and substance misuse
- nursing, and maternal and child health
- muscle and exercise metabolism
- complementary medicine
- healthier foods, sustainable production and distribution
- food security.

Our key research groups focus on world-class research and development, translating innovation in experimental medicine into positive health results for the community, particularly in Melbourne’s west.

FIND OUT MORE ABOUT OUR COURSES
vu.edu.au/health-biomedicine

CENTRE FOR CHRONIC DISEASE

The Centre was established in 2013 to address the urgent need for research, action and intervention in chronic disease in Australia. Its goal is to be a world-class research centre focused on fundamental and applied research into all aspects of chronic disease. With a particular focus on Melbourne’s west, it seeks to translate research discoveries into applications and therapeutic results that improve the health and wellbeing of individuals and communities.
I chose osteopathy at VU because I believed it was the best program with the best location - central CBD. The best part about my course was the lecturers. They had a wide range of experiences and backgrounds, which enhanced the spectrum of learning substantially. The VU student-run osteopathy clinic is also fantastic grounding for moving into private practice.

I now run two successful multidisciplinary clinics with nearly 40 staff. I have lectured throughout the world several times and will be doing more consulting work overseas.

VU gave me the knowledge, experience and motivation to continue my studies and to go to the next level in my career.”

PAUL HERMANN
Bachelor of Clinical Science (now Bachelor of Science (Osteopathy))
Master of Health Science (Osteopathy)

Volleyball World Championships in Holland and will be doing more consulting work overseas.

The best part about my course was the lecturers. They had a wide range of experiences and backgrounds, which enhanced the spectrum of learning substantially. The VU student-run osteopathy clinic is also fantastic grounding for moving into private practice.

I now run two successful multidisciplinary clinics with nearly 40 staff. I have lectured throughout the world several times and Australia. I worked at the Beach

HEALTH AND BIOMEDICINE

COURSES AND CODES

OVERVIEW

PREREQUISITES

CAREER OUTCOMES

DOCTOR OF PHILOSOPHY (FOOD SCIENCE AND TECHNOLOGY) - UPHF

Conduct original research in an area of personal interest and broaden understanding in the discipline, industry and the community, with the existence of an experienced research supervision team. You will also learn to effectively communicate through the presentation and defence of your research in a wide variety of contexts.

Undergraduate degree, or equivalent (i.e. 4 year undergraduate program), in relevant fields of study.

Academic and research positions in relevant fields of study.

DOCTOR OF PHILOSOPHY (MEDICAL AND BIOLOGICAL SCIENCES) - UPHM

Conduct original research in an area of personal interest and broaden understanding in the discipline, industry and the community, with the existence of an experienced research supervision team. You will also learn to effectively communicate through the presentation and defence of your research in a wide variety of contexts.

Undergraduate degree, or equivalent (i.e. 4 year undergraduate program), in relevant fields of study.

Academic and research positions in relevant fields of study.

MASTER OF NURSING (BY RESEARCH) - HRNR

If you have the ability to conduct extensive study and research in a focused area of nursing, this course will get you there where you want to be. You will work under the guidance of a qualified supervisor, but you will also be expected to demonstrate a high degree of independence while researching your specific field.

Undergraduate degree completed at a high standard (normally distinction average in final year) or an equivalent qualification at an appropriate standard for professional experience.

Research-related positions in the healthcare field and preparation for higher studies (e.g. PhD).

MASTER OF PUBLIC HEALTH (GLOBAL NUTRITION AND ACTIVE LIVING) - HMPG

This course addresses the global change in public health and the need for health professionals with the capabilities to respond. It brings together nutrition and active living, and focuses on working with diverse communities. Gain specialist knowledge and skills to pursue a career in public health practice in Australia, or overseas, in emergencies or development.

Undergraduate degree in nutrition, health sciences, business, community development, sports and exercise science, or a related discipline.

Roles in global health, nutrition, physical activity and research and teaching, community development work in health, nutrition and food security, and delivering health, food and nutrition programs in response to emergencies.

DOCTOR OF PHILOSOPHY (NURSING AND MIDWIFERY) - UPHW

Conduct original research in an area of personal interest and broaden understanding in the discipline, industry and the community, with the existence of an experienced research supervision team. You will also learn to effectively communicate through the presentation and defence of your research in a wide variety of contexts.

Undergraduate degree, or equivalent (i.e. 4 year undergraduate program), in relevant fields of study.

Academic and research positions in relevant fields of study.

GRADUATE CERTIFICATE IN EXERCISE PRESCRIPTION FOR MANIPULATIVE THERAPY - HITE

Develop yourself with the skills, knowledge and attributes to prescribe exercises to patients (including elite athletes and musculoskeletal injuries), including in a preventative context. This course has been designed to cover some of the essential pre-prescriptions most relevant to manual therapists.

Undergraduate degree or equivalent in a relevant therapy discipline (e.g. osteopathy, chiropractic, physiotherapy raytherapy), plus current employment in clinical practice.

The course will improve the ability of practitioners to provide evidence-based and personally tailored exercise programs for their patients, improve employment prospects in a competitive market; and act as a lead-in to further study and/or research.

MASTER OF HEALTH SCIENCE (OSTEOPATHY) - HMHO

Learn to assess the health status of patients, including physical, socioeconomic and psychological aspects. You will relax the diagnostic skills and graduate capabilities for osteopathic practice required by primary health care practitioners. You will also have the ability to formulate and prescribe a suitable and safe treatment program.

Bachelor of Science (Chiropractic), or equivalent, plus Level 2 First Aid Certificate and current working with children check. Applicants may also be required to attend a selection interview.

Academic and research positions in the osteopathic Board of Australia, as well as in New Zealand.

CAMPISES - CF - CITY FLINDERS, SA - ST ALBANS, W - HERNEBE
“As well as access to outstanding lecturers, I’ve also gained a network of young professionals, entrepreneurs and industry leaders with similar goals and values.”

“Victoria University has a national reputation as a leader in migration law studies, valued for strong links to industry, and coursework that is grounded in practical and relevant learning.

Before I enrolled, I understood that VU’s courses would give me the best possible preparation to continue working with refugees and migrant communities around Australia.

In 2012 I was fortunate to be recognised by the Minister for Multicultural Affairs for some of my work in this area. The migration law programs have given me the added value of understanding the legislation, policy and context that underpins my work.

VU is a community of future leaders, not just a university. As well as access to outstanding lecturers, I’ve also gained a network of young professionals, entrepreneurs and industry leaders with similar goals and values.”

TRAVIS BROOKS-GARRETT
Professional Course in Australian Migration Law
Graduate Certificate in Australian Migration Law and Practice

LAW AND JUSTICE

Strong industry connections drive our postgraduate law programs, which we develop for the needs of government, the judiciary, legal practitioners, court staff and ancillary professions. We deliver these programs from our City Queen Campus, located in the heart of Melbourne’s legal precinct.

Our postgraduate law coursework focus provides an opportunity to undertake the Graduate Certificate in Australian Migration Law and Practice, and the Master of Laws (Applied Migration Law).

You will benefit from our strong partnerships with local and global legal organisations, including through court internships, an internationally recognised mooting program and community legal centres.

RESEARCH FOCUS

Our academic staff and graduate research students conduct research with industry partners to solve real-world problems.

Our research development focuses on four particular areas:

• governance and regulation
• the scholarship of legal education
• international law
• courts and justice

VU’s governance research program aims to improve governance of the private and public sectors through the use of independent academic research, consultancies and postgraduate teaching.

Research degrees can be obtained by undertaking a Masters by Research or a PhD.

To find a supervisor with similar research interests to you, email law.school@vu.edu.au

LEARN FROM THE BEST

Some of Australia’s most illustrious legal professionals impart their experience and knowledge as VU lecturers and adjunct professors. These include:

• Retired High Court Justice The Hon. Michael Kirby AC, CMG
• Australia’s first female Attorney-General The Hon. Nicola Roxon
• The Hon. Justice Chris Maxwell QC
• Professor Robert Richter QC
• Criminal law specialist Robert Stary
• State Coroner Ian Gray.

vu.edu.au/law
Why have we chosen VU as the institute of choice for us? VU’s law school has a close relationship with the justice system. It was Victoria University that first commenced a BA in law. The law school has a close relationship with the justice system. It was Victoria University that first commenced a BA in law. The law school has a close relationship with the public sector.

ROBERT STARY
Principal, Stary Norton Halphen
Criminal Law Specialists
Adjunct Professor in the College of Law and Justice
“The facilities, labs and technology at VU are amazing, and the people here create a great learning environment.”

In 2012, I came to Australia for a working holiday from Milan, Italy. I met my current co-supervisor, Dr Fabio Serpiello the following year. After I started working with him as a research assistant, he suggested I apply for a PhD scholarship. I won it and am now working on my PhD at the Institute of Sport, Exercise and Active Living (ISEAL).

The facilities, labs and technology at VU are amazing, and the people here create a great learning environment. You can pretty much do whatever you want if you have good ideas. I’ve always played soccer and am lucky to do a PhD on the game!

LUCA OPPICI
Doctor of Philosophy

The facilities, labs and technology at VU are amazing, and the people here create a great learning environment. You can pretty much do whatever you want if you have good ideas. I’ve always played soccer and am lucky to do a PhD on the game!

INSTITUTE OF SPORT, EXERCISE AND ACTIVE LIVING

ISEAL has a rich and vibrant research culture that is internationally recognised, with its large group of academic research scholars, postdoctoral fellows, and postgraduate and honours students. The institute conducts research in the fields of:

- sport science
- active living across the lifespan
- active living and public health
- clinical exercise science
- muscle and exercise metabolism
- sport in society.

In the 2015 Excellence in Research for Australia ratings we received the highest possible rating of 5 (‘well above world standard’) for Human Movement and Sports Science.

vu.edu.au/iseal

STATE-OF-THE-ART FACILITIES

Enjoy access to state-of-the-art facilities at our $68 million sport and learning precinct, located at the Footscray Park Campus.

Here, some of the most comprehensive technology and equipment in the southern hemisphere is used by our students and researchers, professional sports teams and community organisations.

Facilities include an altitude hotel, as well as biomechanics, biochemistry and exercise physiology labs, in purpose-built research and teaching facilities.

Our $8 million Sport and Recreation Learning Centre at Victoria University Whitten Oval – a joint initiative with the Western Bulldogs Football Club – allows students to learn alongside a range of sport and recreation professionals, and access leading-edge sport science technologies.

VU IS ELITE ATHLETE FRIENDLY

Elite athletes studying at VU have access to a range of support services to help them successfully complete their studies while training and competing at an elite level.

Our athlete support program helps students balance study with training and competition demands, and provides access to our sport and fitness, and research facilities.

VU has around 90 elite student athletes, many of whom have competed at the Olympics, Commonwealth Games, World University Games and World Championship events.

SPART AND EXERCISE SCIENCE

VU is Australia’s leader in sport education.

We have the largest number of sport students, and the best graduate employment outcomes in Australia, with the most graduates working in the sport industry.

Industry-leading coursework offerings include the ESSA-accredited Master of Clinical Exercise Science and Rehabilitation, cutting edge courses in sport business and integrity, and holistic sport science degrees, with residential program opportunities in Madrid, Spain.

Our staff, including our researchers in the Institute of Sport, Exercise Science and Active Living (ISEAL), are involved in research that contributes to all aspects of the sport and exercise industries.

We will enhance your studies with our research, strategic partnerships and collaborations with locally and globally-recognised industry and community organisations. Our key partners include:

• the Australian Football League
• the Australian Institute of Sport
• the Australian Sports Commission
• Shanghai University of Sport
• German Sport University
• La Trobe University
• the Melbourne Vixens
• Netball Victoria
• the Victorian Institute of Sport
• Western Bulldogs Football Club
• Western University (Canada)
• Tennis Australia
• Sport Australia Hall of Fame

RESEARCH EXCELLENCE

ISEAL is a rich and vibrant research culture that is internationally recognised, with its large group of academic research scholars, postdoctoral fellows, and postgraduate and honours students. The institute conducts research in the fields of:

- sport science
- active living across the lifespan
- active living and public health
- clinical exercise science
- muscle and exercise metabolism
- sport in society.

In the 2015 Excellence in Research for Australia ratings we received the highest possible rating of 5 (‘well above world standard’) for Human Movement and Sports Science.

vu.edu.au/iseal
At Netball Victoria, we’re proud to have a number of VU graduates working with us – including one of our general managers and one of our senior managers. Having practical experience has helped them be very strong performers in our industry. We find that people who come through our programs such as VU’s, which places a high emphasis on practical learning, are ready to work, willing to work and know how to work. They’re go-getters right from the start, and that’s the kind of person we’re looking for.”

MICHELLE PLANE
CEO, Netball Victoria, 2012-2016

<tr>
<th>COURSE/CODE</th>
<th>OVERVIEW</th>
<th>PREREQUISITES</th>
<th>CAREER OUTCOMES</th>
</tr>
</thead>
<tbody>
<tr>
<td>GRADUATE CERTIFICATE IN SPORT INTEGRITY - STSI</td>
<td>This course addresses the continuing concern about sport’s capacity to act in the public social interest if its traditionally egalitarian ethos. You will learn about the threats to integrity in sport, as well as learn what effective managers and leaders need to do to build positive cultures, equipped with an ethical framework for interrogating the norms and management of their firms.</td>
<td>Undergraduate degree in sport that includes sport studies, business management and leadership units, or undergraduate degree in business; or Graduate Certificate in Sport Integrity (applicants eligible for Advanced Standing for four selected units).</td>
<td>Sport integrity; community, communications and community partnership manager, sport development manager, sport planning manager.</td>
</tr>
<tr>
<td>GRADUATE DIPLOMA IN SPORT BUSINESS AND INTEGRITY - SSD</td>
<td>This course explores the real responsibilities sport managers have now, being tripartite organizations and associations, managing facilities, delivering events and administration (all at the highest professional level), but also to grow the game, meet its social obligations, build communities and see sport’s role and pool standing to eliminate barriers to participation and reduce social disadvantage.</td>
<td>Undergraduate degree in sport that includes studies in management and leadership; or undergraduate degree in business, or Graduate Certificate in Sport Integrity, or Graduate Diploma in Sport Business and Integrity.</td>
<td>Sport integrity; community, communications and community partnership manager, sport development manager, sport planning manager.</td>
</tr>
<tr>
<td>GRADUATE CERTIFICATE IN SPORTS SCIENCE (FOOTBALL PERFORMANCE) - STFB</td>
<td>Get a holistic education in the areas of sports science, coaching, strength end conditioning, and management of association football (soccer). You will develop your knowledge of current issues and trends in football, sport integrity and ethics, interprofessional and interdisciplinary communication, and skills related to performance analysis.</td>
<td>Undergraduate degree in an area related to sport and exercise science/human movement.</td>
<td>Master of Applied Science - HREH</td>
</tr>
<tr>
<td>MASTER OF SPORT SCIENCE (FOOTBALL PERFORMANCE) - SMFB</td>
<td>Gain a holistic education in the sport sciences applied to Australian football codes (e.g. soccer, AFL and rugby). You will develop and further your knowledge of sportsciences, coaching, strength and conditioning, performance analysis, management, sport ethics and integrity, data monitoring, and skills related to performance analysis.</td>
<td>Undergraduate degree in an area related to sport and exercise science/human movement.</td>
<td>Master of Clinical Exercise Science and Rehabilitation - AMEP</td>
</tr>
<tr>
<td>MASTER OF CLINICAL EXERCISE SCIENCE AND REHABILITATION - AMEP</td>
<td>Acquire the comprehensive knowledge, skills and experience to assess and prescribe exercise and physical activity for people with musculoskeletal injuries, as well as neurological, orthopedic and cardiorespiratory conditions and comorbidities, in the community and clinical settings. Throughout your studies you will gain experience in clinical placement in hospitals, industry and the broader community.</td>
<td>Undergraduate degree in an area related to sport and exercise science/human movement.</td>
<td>Master of Arts - HRT</td>
</tr>
<tr>
<td>MASTER OF ARTS - HRT</td>
<td>A research degree is a unique opportunity to develop new skills, problem-solving abilities, and think logically, critically and creatively. You will improve your career progression with professional skills that will make you competitive in your field and enable you to make a valuable contribution to our knowledge.</td>
<td>Undergraduate degree is a standard considered by the University to be sufficient (normally distinction average in final year), or a relevant qualification at an appropriate standard plus professional experience.</td>
<td>PhD in professional doctorates, research assistant, research technician.</td>
</tr>
<tr>
<td>MASTER OF APPLIED SCIENCE - HREH</td>
<td>A research degree is a unique opportunity to develop new skills, problem-solving abilities, and think logically, critically and creatively. Build upon the specialized knowledge you have and learn how to manage a research project. With the aid of academic staff with experience in research projects, relevant roles at international conferences and publish academic journals and books.</td>
<td>Undergraduate degree is a standard considered by the University to be sufficient (normally distinction average in final year), or a relevant qualification at an appropriate standard plus professional experience.</td>
<td>PhD in professional doctorates, research assistant, research technician.</td>
</tr>
<tr>
<td>DOCTOR OF PHILOSOPHY (HUMAN MOVEMENT) - LPHS</td>
<td>Conduct original research on an area of personal interest and broader applications to the University, industry and the community, with the assistance of an experienced research supervisor team. You will take lead in effectively communicate through the presentation and defence of your research in a wide variety of contexts.</td>
<td>Relevant masters degree, or four-year undergraduate degree with honours or its equivalent at a high standard.</td>
<td>Academic and research-focused positions in the relevant fields of study.</td>
</tr>
<tr>
<td>DOCTOR OF PHILOSOPHY (SPORT AND RECREATION) - DPPSS</td>
<td>Conduct original research on an area of personal interest and broader applications to the University, industry and the community, with the assistance of an experienced research supervisor team. You will take lead in effectively communicate through the presentation and defence of your research in a wide variety of contexts.</td>
<td>Relevant masters degree, or four-year undergraduate degree with honours or its equivalent at a high standard.</td>
<td>Academic and research-focused positions in the relevant fields of study.</td>

VU delivers courses around the world to more than 9400 international students. We send students to a wide range of exciting locations, as varied as Stockholm in Sweden to the tropics of Fiji, for credited study and life-changing experiences.

VU is well recognised as an international university that works with numerous partners, with a focus on the Asia-Pacific region. We are a leader in transnational education, with more offshore than onshore students studying VU courses.

INTERNATIONAL PARTNERSHIPS
Our global partners include corporates, educational institutions, not-for-profit organisations and community groups. These collaborations help us keep up-to-date with global markets and work practices, ensuring our curriculum and research remain at the forefront of world industry standards.

STUDY ABROAD
Immerse yourself in a different culture by completing part of your studies overseas. We have many student exchange agreements around the world, and offer study grants to help you gain a comprehensive international learning experience.

FOOTSCRAY PARK
Footscray Park Campus is our largest campus and the western region’s hub for university education. It’s a 10-minute train ride, plus a short walk, from the city. Students have access to our world-class sport and learning precinct, featuring state-of-the-art research labs, and an expansive learning commons that combines library resources with academic support, careers advice and more.

ST ALBANS
St Albans Campus is a hub for health and nutrition research. Nestled in the 550 million Western Centre for Health Education and Research, a world-class biomedical research and training facility, of which VU is a key partner. The campus has a modern community feel and is set in a landscape of native gardens and park trees. It’s a relaxed, friendly place to study, with childcare facilities and a great gym. There’s plenty of on-campus parking if you choose to drive, as it’s a five-minute walk from the train station.

WERRIBEE
Located in the fastest-growing area of Melbourne, our Werribee Campus is part of a modern technology precinct. A hub for new and innovative research into water and food, the campus is small enough to be personal but large enough to offer great facilities like childcare and a gym. The campus has plenty of parking and is close to the train station.

CAMPUS LIBRARIES

VU CAMPUSES

The multi-platform learning space of Footscray Nicholson Campus — known as the Terrain Room — is one of a growing number of VU’s renovated physical spaces that have transformed classrooms, libraries and lecture theatres into creative learning and teaching environments.

SPORT & EXERCISE SCIENCE LABORATORIES AND RESEARCH FACILITIES

Our $68 million high-technology Institute of Sport, Exercise and Active Living (ISEAL) research facility at Footscray Park Campus meets international standards for best practice. It is designed with multiple integrated spaces to facilitate interdisciplinary teaching, research and engagement. All our research is supported by the latest technologies and equipment, including:

• exercise physiology laboratories
• altitude hotel
• biomechanics laboratories
• motor learning and skilled performance laboratories
• sport and exercise biochemistry laboratory
• motor control and biomechanics laboratories

Find out more about our world-class sport and exercise science facilities at vu.edu.au/iseal

SPORT & FITNESS

One of the benefits for all students attending Australia’s leading sports university is access to our extensive sport services and facilities, including:

• sports clubs, campus sports programs and representative sport opportunities
• quality fitness centres at Footscray Park and Werribee Campuses
• a multi-purpose sports hall at St Albans Campuses
• a heated 25-metre swimming pool at Footscray Park
• a first-class athletics track and rugby field at Werribee Campuses
• multipurpose sports halls at Footscray Park and Footscray Nicholson Campuses
• tennis courts at Werribee, Footscray Park and St Albans Campuses

vu.edu.au/sport

CLINICAL & SIMULATED LEARNING

Demonstrating our commitment to workplace learning, not only do we bring you to the real world, we bring the real world to the classroom. Our learning facilities include:

• nursing laboratories and paramedic clinical placement
• working design and art studios
• a dental clinic
• an aquatics clinic
• an orthopaedic clinic
• a beauty and hair clinics.

vu.edu.au/library

FACILITIES

Our wide range of learning and teaching facilities help you get the most from your course. You’ll also enjoy access to great fitness centres and food outlets when you want a break.

FOOTSCRAY UNIVERSITY TOWN

In partnership with Melbourne City Council, VU is leading a project to rejuvenate Footscray and open the west of Melbourne. The Footscray University Town project will transform Melbourne’s west through the revitalisation of local educational facilities and businesses.

With almost 20,000 students studying at our two Footscray campuses, the project will see the seamless integration of the University within the fabric of Footscray through a range of academic, social, community and retail facilities, as well as student accommodation.

An initial part of the project has been the establishment of VU at Metropolis, a VU facility with facilities including Co-op Bookshop, café, Future Students Centre, Psychology Clinic, Student-led Communication Agency, a versatile exhibition space and meeting room (free to book).

SUPPORT SERVICES

We want you to achieve your best during your time with us. Whether you need assistance with your studies, career advice or personal counselling, we’re here to help.

STUDENT SERVICE CENTRES
Student Service Centres provide face-to-face customer service to help you access services, advice and information in an easy and convenient way. They can help you with general enquiries and refer you to specific services.

This service is also available to prospective students looking for information on courses, enrolments, fees and general administration. Each campus has a Student Service Centre.

vu.edu.au/student-service
1300 VIC UNI (1300 842 664)

LEARNING SUPPORT
Our Academic Support and Development team can help you improve your study, writing and maths skills. They offer workshops during semester and university preparation programs between semesters. They also provide individual consultations, email support, student mentor support and online learning resources.

vu.edu.au/academic-support
studentlearning@vu.edu.au

FINANCIAL ADVICE
We offer free financial advice from professional, trained staff on study-related and living costs. Information about tax, government assistance, debt, household expenses, budgeting, financial planning and student loans is also available.

vu.edu.au/financial-advice

DISABILITY SUPPORT
Disability Services provides advice and assistance for students with a disability and/or medical condition. They can be permanent, long-term or episodic conditions.

Students are invited to attend a one-on-one meeting with a disability liaison officer, and will be assessed on an individual basis for appropriate support services and accommodation to their course requirements. These may include (but are not limited to) alternative assessment arrangements, specialised equipment or assistive technology.

vu.edu.au/disability
disability@vu.edu.au
03 9919 5400

CHILDCARE
The University’s children’s centres at Footscray Park, Footscray Medibank and Werribee Campuses provide full-time weekly and daily care for children from three months to six years of age. A community-run service operates from our St Albans Campus.

vu.edu.au/chilcare

ADVICE & COUNSELLING
Our Counselling Services team offers free and confidential counselling to students. They can assist you with study-related matters such as overcoming procrastination and exam stress, or personal issues such as improving confidence, concerns over wellbeing, relationships, anxiety, depression, sexuality, drugs or alcohol.

Every semester they also offers free workshops on a range of areas including skills for succeeding at university, time management, emotional intelligence and stress management.

vu.edu.au/counselling

ABORIGINAL & TORRES STRAIT ISLANDER STUDENTS
VU recognises and gives respect to the Ancestors and Elders of the Kulin people, particularly the Boonwurrung and Woiwurrung, as traditional owners of University land. Our Moondani Balluk Indigenous Academic Unit can assist with any query you may have as an Aboriginal or Torres Strait Islander student. This includes access to computer labs, accommodation, enrolment and admissions, financial assistance, Koori community events, referrals to service delivery organisations, study skill and assessment support, and transport.

Moondani Balluk provides a culturally safe space for all Aboriginal and Torres Strait Islander students. Please feel free to drop in and meet other students and staff, or give us a call.

vu.edu.au/indigenous
moondani.balluk@vu.edu.au
03 9919 2836

HEALTH & MEDICAL ADVICE
Our health adviser can provide advice, information and referrals about:

- general health
- lifestyle
- women’s and men’s health
- nutrition
- chronic illness
- family planning and sexual health
- injury assistance
- other health matters.

vu.edu.au/health-welfare
healthwelfare@vu.edu.au
03 9919 4417

CAREER ASSISTANCE
Our Career Development and Employment team provide resources and support to help you prepare for work, find a job and keep you moving on and up. No matter what you’re studying, we offer advice and assistance on:

- your skills, interests and career direction
- job search and employer trends
- your career goals and strategies to achieve them.

Services include:

- web-based jobs board
- resume and application feedback
- workshops and programs to prepare you for the job market
- mock interviews
- career counselling
- employers on campus.
