I CHOSE VU FOR ITS REPUTATION IN SPORT; AND THE AREA OF THE INDUSTRY I WANTED TO BE A PART OF – SPORT INTEGRITY.

“During my studies I went on a two-week study tour to Madrid, which gave me so many invaluable experiences. One of the great benefits of the course has been the contacts I’ve made. I’ve befriended people across several sporting organisations who are always willing to help out and provide advice. I got into my current Intelligence Analyst role at the AFL thanks to networking at VU.”

GRADUATE CERTIFICATE, GRADUATE DIPLOMA OR MASTER?

A Graduate Certificate is a six-month (full time) qualification that may be awarded without a degree if you have sufficient experience. If you wish to continue studies for up to a year – or one-and-a-half to two years – you can complete the Graduate Diploma or Master respectively, enhancing your career options with each additional qualification. This flexibility means you can enter our postgraduate degrees with varying admission criteria or experience and exit when it suits you.

"I WANTED TO FURTHER MY STUDIES IN SPORT SCIENCE."

"Being able to also do my masters at VU was perfect for me. VU's connections and partnerships have allowed me to undertake placements at the Football Federation of Victoria and Melbourne Victory. This led to contacts with professionals and securing roles at Melbourne Victory and now Football Victoria. I feel so fortunate to be working in sport – sometimes it doesn't even feel like a job, which I know is rare."

Sharna Naidu
Master of Sports Science (Football Performance)

"AFTER COMPLETING MY SPORT AND EXERCISE SCIENCE DEGREE AT VU, I PURSUED MY MASTERS TO BECOME AN ACCREDITED EXERCISE PHYSIOLOGIST (AEP) IN THE SPORT HEALTH FIELD."

"During my Master of Clinical Exercise Science and Rehabilitation I undertook more than 600 hours of placements, one of which was in a spine and sports clinic, which gave me great professional confidence and enabled me to immediately put my learnings into practice. Six months into my masters I kicked off our business, The Biomech. We have grown to a team of 11 highly passionate individuals offering a range of services such as podiatry, osteopathy, psychology, exercise physiology and education. Our whole philosophy is about creating and promoting an ethical, client-centric healthcare model. The education component to the business is called The Knowledge Exchange – we expose health practitioners, doctors and corporations to a contemporary understanding of pain science and ethical health care and bring in global experts to share our knowledge."

"I’D BEEN WORKING IN BANKING AND FINANCE FOR EIGHT YEARS WHEN I PURSUED MY INTEREST IN THE SPORT INDUSTRY."

“After I enrolled in the Master of Sport Business and Integrity at VU, I planned to finish the course while working in finance, and then change career into sports. However, after first semester, I saw the perfect job advertised at the AFL, so I applied and was offered the role.

So while completing the course, I was also gaining experience working in the industry. I believe working in the industry while finishing my degree had tremendous value. I’ve since joined Racing Victoria as the Licensing and Administration Coordinator, Integrity Services.”
