Progress Reports
Research students are required to submit a biannual progress report in March and September of each year. Students are exempt from submitting a report if they are on approved leave of absence, enrolled in the coursework phase of the degree, have a lapsed status or have submitted for examination. The HDR policy states that all students are required to submit a bi-annual progress report irrespective of how long they have been enrolled. For further information please refer to the Office for Postgraduate Research website (section on progress reports) - http://www.vu.edu.au/research/research-students/managing-your-candidature and the Higher Degree by Research Policy available for download from the University central policy register - http://wcf.vu.edu.au/GovernancePolicy/index.cfm?DisplayWebPageMenuName=About

Research students who are required to submit a progress report and fail to do so will be nominated for unsatisfactory progress.

Nominating Examiners
Principal supervisors are required to nominate external examiners to assess the student’s thesis. Two examiners are required for Master by Research candidates and three examiners for doctoral candidates. An additional examiner is required if the student is undertaking a creative work by performance or exhibition.
