

OFFICE FOR RESEARCH TRAINING, QUALITY AND INTEGRITY

TOWARDS SUBMISSION-SUPERVISOR'S NOTES AND FEEDBACK TO PANEL

As part of the Milestone Review, the Principal Supervisor is required to take notes of their graduate research candidate's presentation and written submission and submit this to the Chair of the Panel on the day of the presentation. This will assist the Panel in determining the outcome of the Milestone.

Principal Supervisors are also encouraged to indicate any concerns that they may have with regard to the candidate producing a high quality thesis in a timely manner. In providing any additional information, not disclosed in the presentation and/or written documentation, the Principal Supervisor must ensure they have discussed this with the candidate prior their presentation.

1. Candidate Details

Given Name(s):.....

Family Name: Student ID:

Thesis Title:
.....
.....

2. Principal Supervisor Details

Name of Principal Supervisor:.....

3. Notes on the Presentation and Written Documentation for the Panel
