A lifelong relationship

At VU, we believe in the power of lifelong relationships. Our relationship starts when you are a student, and extends further as you graduate and join our global Alumni Community. Whether you have graduated from VU or from one of our predecessor institutions, you are a member of the VU Alumni Community.

The VU Alumni community is a global network of over 220,000 people across 130 countries, and continues to grow rapidly. This is your community and your network. You can access this invaluable professional resource to help you achieve success.

We want the relationship between you and VU to be mutually beneficial. We seek to offer you opportunities to help both you and your business grow and develop. Your success, your VU pride and your professional feedback towards our course content help strengthen your VU. It's a full circle!

VU has an ambitious agenda that involves you. We are the University of Opportunity and Success. We strive to be open and excellent, creating exceptional value for any student from any background, and uplifting the communities in which we operate. We strive to be the University that welcomes those who face challenges and helps them to dream big and achieve those dreams.

We need you, our Alumni to be a part of that journey. We want you to remember your time fondly, be proud of the greater VU progress, play a role in our programs and celebrate our shared successes.

We are continuing to grow our Alumni programs; with regular updates on our social media. To ensure you get current information, please update your contact details. See the form on this brochure or visit vu.edu.au/alumni; and follow our social media channels to stay connected.

You can also contact our Alumni Relations Team — we want to hear from you and we welcome your ideas and input.

A life time of opportunity and success Get active in your VU Alumni Community and see the benefits!

For Alumni

- Get connected to a global network of research, business and government links
- Stay up-to-date with events, news and professional development opportunities
- Gain access to industry qualified graduates
