

2017 Victoria University Student Profile

This report provides an indication of the likely peer cohort for new students at Victoria University by Course. It provides data on students that commenced undergraduate study in Semester 1 2017, and were enrolled post census date across all Australian campuses and includes data on International students studying in Australia. Student numbers in the report have been grouped by the most relevant study or work background of the applicant cohort.

	Number of students								Percentage of all students							
	Past higher education study	Past vocational education and training (VET) study	Recent secondary education			Work and life experience	International students	All students	Past higher education study	Past vocational education and training (VET) study	Recent secondary education			Work and life experience	International students	All students
